

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harlan Weivoda  
DOCKET NO.: 15-00565.001-R-1  
PARCEL NO.: 21-14-18-302-008-0000

The parties of record before the Property Tax Appeal Board are Harlan Weivoda, the appellant, by attorney Timothy J. McGrath in Manhattan; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,589  
**IMPR.:** \$0  
**TOTAL:** \$7,589

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists a vacant lot located in Monee, Monee Township, Will County.

The appellant contends overvaluation and assessment inequity as the bases of the appeal. The appellant described the subject site as having 32,997 square feet of land area. In support of these arguments the appellant submitted information on four comparables that were described as vacant lots that ranged in size from 32,960 to 38,768 square feet of land area. The comparables were reported to have sold from May 2014 to March 2015 for prices ranging from \$8,750 to \$50,000 or from \$.23 to \$1.40 per square foot of land area. The comparables have land assessments ranging from \$19,021 to \$20,575 or from \$.53 to \$.58 per square foot of land area. The appellant requested the subject's land assessment be reduced to \$7,589.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,940. The subject's assessment reflects a market value of

\$53,955 when using the 2015 three year average median level of assessment for Will County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information provided by the Monee Township Assessor. The assessor described the subject property as having 32,782 square feet of land area. The assessor described the appellant's comparables as ranging in size from 32,045 to 43,037 square feet of land area. The assessor contends that appellant's comparable sales #2 and #3 were part of a bulk sale and contends they were not "market sales." The assessor provided a copy of a PTAX-203 Illinois Real Estate Transfer Declaration identifying appellant's sale #2 and #3 as being sold with six additional parcels for a combined price of \$70,000 or \$8,750 per lot. The transfer declaration indicated the properties were advertised for sale and transferred via a warranty deed. The assessor also provided a copy of the PTAX-203 Illinois Real Estate Transfer Declaration associated with appellant's sale #1 disclosing a price of \$9,000. The transfer declaration indicated the property was advertised for sale and transferred via a warranty deed. The assessor also provided a copy of the PTAX-203 Illinois Real Estate Transfer Declaration associated with appellant's sale #4 disclosing a price of \$50,000. The transfer declaration indicated the properties was advertised for sale and transferred via a warranty deed.

In support of the assessment the assessor identified three comparable sales that were reported to range in size from 37,969 to 41,166 square feet of land area. The sales occurred from February 2012 to June 2014 for prices ranging from \$28,000 to \$50,000 or from \$.66 to \$1.21 per square foot of land area. Assessor sale #1 was the same property as appellant's sale #4.

The assessor also provided three equity comparables that ranged in size from 32,045 to 33,004 square feet of land area. The comparables each had a land assessment of \$19,021 or \$.58 and \$.59 per square foot of land area.

The assessor also made reference to the so called "developer's exemption" set forth in section 10-31 of the Property Tax Code (35 ILCS 200/10-31) but did not explain the relevance to the subject's assessment or the appeal.

### **Conclusion of Law**

The appellant contends in part the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains information on six sales submitted by the parties with appellant's sale #4 being the same property as board of review/assessor sale #1. These properties sold from February 2012 to March 2015 for prices ranging from \$8,750 to \$50,000. The Board gave less weight to board of review comparable sales #2 and #3 as these properties sold in February 2012 and October 2012, not proximate in time to the assessment date at issue. The record also had a transfer declaration disclosing eight lots, which included appellant's sales #2 and #3, sold in May

2014 for a combined price of \$70,000 or \$8,750 per parcel. The transfer declaration disclosed the property had been advertised and transferred via a warranty deed. The subject's assessment reflects a market value of \$53,955, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

The Board also finds, based on the reduction to the subject's assessment based on overvaluation, a further reduction to the subject's assessment based on assessment inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
