

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Franz & Guadalupe Mendez
DOCKET NO.: 15-00707.001-R-1
PARCEL NO.: 02-03-276-016

The parties of record before the Property Tax Appeal Board are Franz & Guadalupe Mendez, the appellants; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,354
IMPR.: \$74,123
TOTAL: \$83,477

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction that has 3,438 square feet of living area. The dwelling was built in 2006. Features include an unfinished basement, central air conditioning and a 598 square foot garage. The subject property has a 10,718 square foot site. The subject property is located in Bristol Township, Kendall County, Illinois.

The appellants contend assessment inequity as the basis of the appeal¹. The subject's land assessment was not contested. In support of the inequity claim, the appellants submitted four assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of vinyl or brick and vinyl exterior construction that were 8 to 10 years old.

¹ The appellants also marked comparable sales as another basis of the appeal; however, the appellants did not submit any recent sales of comparable properties. The comparable sales submitted by the appellants sold from 2005 to 2007, which are dated in relation to the subject's January 1, 2015 assessment date.

Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 2,807 to 3,382 square feet of living area. The comparables have improvement assessments ranging from \$64,787 to \$74,477 or from \$21.70 to \$23.08 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$83,477. The subject property has an improvement assessment of \$74,123 or \$21.56 per square foot of living area. In support of the subject's assessment, the board of review submitted information on four assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of frame or brick and frame exterior construction that were 9 or 10 years old. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 3,240 to 3,535 square feet of living area. The comparables have improvement assessments ranging from \$70,618 to \$75,387 or from \$21.33 to \$22.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof.

The parties submitted eight assessment comparables for the Board's consideration. The Board gave less weight to comparable #4 submitted by the appellants due to its smaller dwelling size when compared to the subject. The Board finds the remaining seven comparables are most similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$70,000 to \$75,387 or from \$21.33 to \$22.06 per square foot of living area. The subject property has an improvement assessment of \$74,123 or \$21.56 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in this record. After considering any necessary adjustments to the comparables for differences to the subject, the Board finds the subject's improvement assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
