

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph & Theresa Stancel  
DOCKET NO.: 15-00888.001-R-1  
PARCEL NO.: 02-22-353-005

The parties of record before the Property Tax Appeal Board are Joseph & Theresa Stancel, the appellants, by attorney Kelly A. Helland, of the Law Offices of Daniel J. Kramer in Yorkville; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,354  
**IMPR.:** \$67,406  
**TOTAL:** \$76,760

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 2,894 square feet of living area.<sup>1</sup> The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 713 square foot three-car garage. The property has a 14,291 square foot site and is located in Yorkville, Bristol Township, Kendall County.

The appellants contend both overvaluation and assessment inequity as the bases of the appeal. In support of these arguments the appellants submitted information on three comparables. The appellants did not contest the subject's land assessment. The comparables had varying degrees of similarity to the subject. One of the comparables sold in January 2015 for \$239,000 or \$86.41

<sup>1</sup> The appellants indicated on their petition that the subject has 2,400 actual square feet of living area, but submitted no evidence to support the assertion.

per square foot of living area, including land. The comparables had improvement assessments ranging from \$62,410 to \$72,866 or from \$22.56 to \$22.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,760. The subject's assessment reflects a market value of \$230,303 or \$79.58 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Kendall County of 33.33% as determined by the Illinois Department of Revenue. The subject has an improvement assessment of \$67,406 or \$23.29 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, one of which was also submitted by the appellants. The comparables had varying degrees of similarity to the subject and sold from April 2014 to August 2015 for prices ranging from \$205,000 to \$280,500 or from \$68.93 to \$106.33 per square foot of living area, including land. The comparables had improvement assessments ranging from \$61,429 to \$65,351 or from \$21.97 to \$23.65 per square foot of living area.

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the parties' common sale, which was the only sale submitted by the appellants, as well as the board of review's sales #1 and #3. These three most similar comparables sold from January to August 2015 for prices ranging from \$205,000 to \$239,000 or from \$68.93 to \$87.52 per square foot of living area, including land. The subject's assessment reflects a market value of \$230,303 or \$79.58 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave less weight to the board of review's remaining sale due to its newer construction when compared to the subject. Based on this evidence the Board finds a reduction in the subject's assessment is not justified on the grounds of overvaluation.

The taxpayers also contend assessment inequity as an alternative basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellants' comparables #1 and #2, as well as the board of review's comparables #1 and #3. These most similar comparables had improvement assessments ranging from \$61,429 to \$72,866 or from \$21.97 to \$23.37 per square foot of living area. The subject's improvement assessment of \$67,406 or \$23.29 per square foot of living area falls within the range established by the best equity comparables in this record. The Board gave less weight to the parties' remaining equity comparables due to their newer construction when compared to the subject. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified on the grounds of uniformity.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
