

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tirell, LLC  
DOCKET NO.: 15-01202.001-R-1  
PARCEL NO.: 03-13-378-023

The parties of record before the Property Tax Appeal Board are Tirell, LLC, the appellant(s), by attorney Abby L. Strauss of Schiller Strauss & Lavin PC in Chicago; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,234  
**IMPR.:** \$24,575  
**TOTAL:** \$32,809

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a bi-level/one-story style single family dwelling of frame construction with 1,628 square feet of living area. The dwelling was constructed in 1960. Features of the property include central air conditioning and a detached garage with 440 square feet of building area. The property has a 6,600 square foot site and is located in Carpentersville, Dundee Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in February 2013 for a price of \$66,500. To document the sale the appellant provided a copy of the real estate contract, a copy of the settlement statement and a copy of the PTAX-203 Illinois Real Estate Transfer Declaration. The seller was identified as TCF National Bank. The transfer declaration indicated that the property was a Bank REO (real estate owned) and had been advertised for sale. Based

on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,809. The subject's assessment reflects a market value of \$98,496 or \$60.51 per square foot of living area, land included, when using the 2015 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales identified by the township assessor. The comparables were improved with bi-level/one-story style dwellings each with 1,628 square feet of living area. Each comparable has central air conditioning and a garage ranging in size from 308 to 484 square feet of building area. The analysis provided by the assessor indicated that both the subject property and the comparable sales had finished lower level areas. These properties sold from January 2013 to November 2014 for prices ranging from \$141,900 to \$161,500 or from \$87.16 to \$99.20 per square foot of living area, including land. Also submitted by the board of review was a gross rent multiplier grid prepared by the assessor.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be comparable sales #1, #2 and #4 submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$141,900 to \$161,500 or from \$87.16 to \$99.20 per square foot of living area, including land. The subject's assessment reflects a market value of \$98,496 or \$60.51 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. The Board gave little weight to the subject's sale due to the fact the sale did not occur proximate in time to the assessment date at issue. The Board gave less weight to board of review sale #3 due to the fact the sale did not occur proximate in time to the assessment date at issue. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
