

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Inchard, LLC
DOCKET NO.: 15-01204.001-R-1
PARCEL NO.: 06-10-252-034

The parties of record before the Property Tax Appeal Board are Inchard, LLC, the appellant, by attorney Abby L. Strauss of Schiller Strauss & Lavin PC in Chicago; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,240
IMPR.: \$38,795
TOTAL: \$52,035

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story single family dwelling of frame construction with 1,860 square feet of living area. The dwelling was constructed in 1972. Features of the home include a finished basement, central air conditioning, one fireplace and a two-car garage with 440 square feet of building area. The property has a 10,454 square foot site and is located in Elgin, Elgin Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in May 2013 for a price of \$108,500 or \$58.33 per square foot of living area, including land. The appellant provided a copy of the real estate contract, settlement statement and the PTAX-203 Illinois Real Estate Transfer Declaration to document the sale. The seller was the Bank of New York Mellon Trust and the

transfer declaration indicated the property was a Bank REO (real estate owned). The appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,035. The subject's assessment reflects a market value of \$156,214 or \$83.98 per square foot of living area, land included, when using the 2015 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on seven comparable sales improved with five part one-story and part two-story dwellings and two two-story dwellings that ranged in size from 1,612 to 1,904 square feet of living area. The dwellings were constructed from 1965 to 1972. The sales occurred from August 2012 to July 2014 for prices ranging from \$159,000 to \$192,000 or from \$83.91 to \$111.66 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be comparable sales #5, #6 and #7 submitted by the board of review. These comparables were similar to the subject in general location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$159,900 to \$180,000 or from \$83.98 to \$97.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$156,214 or \$83.98 per square foot of living area, including land, which is below the overall price range but within the range on a square foot basis established by the best comparable sales in this record. The Board gave little weight to the subject's sale due to the fact the sale did not occur proximate in time to the assessment date at issue. Additionally, the subject sold for a price of \$108,500 or \$58.33 per square foot of living area, including land. The three best comparable sales provided by the board of review had prices that were significantly above the subject's purchase price. This price differential tends to establish that the subject's purchase price was not reflective of fair cash value as of the assessment date at issue. The Board gave less weight to the remaining sales provided by the board of review as they did not occur proximate in time to the assessment date at issue. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
