

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jin Ru Zheng Zhixian Guo
DOCKET NO.: 15-01373.001-R-1
PARCEL NO.: 06-13-155-008

The parties of record before the Property Tax Appeal Board are Jin Ru Zheng Zhixian Guo, the appellant, by Jessica Hill-Magiera, Attorney at Law, in Lake Zurich; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,355
IMPR.: \$19,642
TOTAL: \$25,997

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction with 1,932 square feet of living area divided into two apartment units. The dwelling was constructed in 1900. Features of the building include a full unfinished basement and a 400 square foot detached frame garage. The property site has approximately 5,775 square feet of land area and is located in Elgin, Elgin Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant completed Section IV - Recent Sale Data of the appeal and submitted a Settlement Statement and a PTAX-203 Illinois Real Estate Transfer Declaration disclosing the subject property was purchased from the Property Group on March 26, 2014 for a price of \$78,000 or \$39,000 per apartment unit, including land. The subject was purchased through two realtors and was advertised through a sign, internet and/or auction. The sale was not between family or related

corporations. The appellant did not disclose the length of time the subject was on the market. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,869. The subject's assessment reflects a market value of \$113,687 or \$56,844 per apartment unit, land included, when using the 2015 three-year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on 17 comparable sales. These comparables sold from May 2013 through March 2015 for prices ranging from \$106,000 to \$175,000 or from \$53,000 to \$87,500 per apartment unit, land included. The board of review also included a memorandum from the Elgin Township assessor reporting the subject was contracted in seven days, but did not provide evidence to support the claim. Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant claims the board of review does not dispute the recent sale of the subject, nor does it provide any evidence that the recent sale was not valid.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant provided evidence that the subject property sold on March 26, 2014 for a price of \$78,000 or \$39,000 per apartment unit, including land. The Board finds the appellant provided evidence demonstrating the sale had elements of an arm's length transaction. The appellant submitted a Settlement Statement and a PTAX-203 Illinois Real Estate Transfer Declaration, and completed Section IV - Recent Sale Data of the appeal disclosing that the property was purchased from the Property Group, the parties to the transaction were not related, the property was sold using two realtors and the property had been advertised. The Board finds the best evidence of market value to be the purchase of the subject property in March 2014 for a price of \$78,000. The Board finds the purchase price is below the market value reflected by the assessment and that the board of review did not present any substantive evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the board of review comparable sales. These sales do not overcome the subject's arm's-length sale price. Therefore, a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
