

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jie Qian  
DOCKET NO.: 15-01390.001-R-1  
PARCEL NO.: 15-25-478-016

The parties of record before the Property Tax Appeal Board are Jie Qian, the appellant, by Jessica Hill-Magiera, Attorney at Law, in Lake Zurich; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,617  
**IMPR.:** \$49,711  
**TOTAL:** \$57,328

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part 1-story and part 2-story dwelling of frame construction with 3,089 square feet of living area. The dwelling was constructed in 2005. Features of the home include a partial basement, central air conditioning, a fireplace and a 462 square foot garage. The property has an 8,276 square foot site and is located in Aurora, Aurora Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant completed Section IV - Recent Sale Data of the appeal and submitted a Settlement Statement and a PTAX-203 Illinois Real Estate Transfer Declaration disclosing the subject property was purchased on February 13, 2014 for a price of \$172,000 or \$55.68 per square foot of living area, including land. The subject was purchased from an individual in a short sale, through a realtor and the sale was not between family or related corporations. The appellant disclosed that the property was advertised through the Multiple Listing Service (MLS) and submitted an MLS

Listing Sheet indicating the subject was on the market 284 days. The appellant also submitted an MLS Listing and Property History Report indicating the subject was listed on April 25, 2012 for \$201,900, underwent four price reductions, was contracted February 2, 2013, and closed February 14, 2014. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,317. The subject's assessment reflects a market value of \$244,122 or \$79.03 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. They are described as part 1-story and part 2-story dwellings of frame construction built in 2006. They range in size from 2,322 to 3,089 square feet of living area and feature basements, central air conditioning and garages. Two have fireplaces. No information was given regarding basement finish. These comparables sold between January and July 2014 for prices ranging from \$245,500 to \$253,000 or from \$81.90 to \$105.73 per square foot of living area land included.

In rebuttal, the appellant's counsel claims the board of review does not dispute the recent sale of the subject, nor does it provide any evidence that the recent sale was not valid.

### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Initially, the Board takes judicial notice of Public Act 96-1083 which amended the Property Tax Code adding sections 1-23 and 16-183 (35 ILCS 200/1-23 & 16-183), effective July 16, 2010.

Section 1-23 of the Property Tax Code provides:

Compulsory sale. "Compulsory sale" means (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "**short sale**" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete. [Emphasis added.]

Section 16-183 provides:

Compulsory sales. The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

The Board finds the effective date of these statutes is applicable to the assessment date at issue, January 1, 2015.

The appellant provided evidence that the subject property sold on February 13, 2014 for a price of \$172,000 or \$55.68 per square foot of living area, including land. The Board finds the appellant provided evidence demonstrating the sale had elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal and submitted a Settlement Statement, a PTAX-203 Illinois Real Estate Transfer Declaration, and an MLS Listing Sheet and Listing and Property History Report disclosing that the property was purchased from an individual in a short sale, the parties to the transaction were not related, the property was sold using a realtor and the property had been advertised through MLS. The subject's initial asking price of \$201,900 was approximately 20% less than the sale price of the same model dwelling of the same size and age in close proximity to the subject. The subject did not sell at that price and underwent four price reductions over the next 284 days. After considering the "short sale" circumstances of the subject's sale, the Board finds the best evidence of market value is the subject's sale in February 2014 for \$172,000. The Board finds the purchase price is below the market value reflected by the assessment and that the board of review did not present any substantive evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the board of review comparable sales. Although they were similar to the subject, these sales do not overcome the subject's arm's-length sale price. Therefore, a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
