

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Classic Investments, LLC, Felipe Carrillo  
DOCKET NO.: 15-01402.001-R-1  
PARCEL NO.: 15-35-152-015

The parties of record before the Property Tax Appeal Board are Classic Investments, LLC, Felipe Carrillo, the appellant, by Jessica Hill-Magiera, Attorney at Law, in Lake Zurich; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,908  
**IMPR.:** \$6,758  
**TOTAL:** \$10,666

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame construction with 945 square feet of living area. The dwelling was constructed in 1952. Features of the home include a full basement and a 506 square foot attached garage. The property has a 6,534 square foot site and is located in Aurora, Aurora Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant completed Section IV - Recent Sale Data of the appeal and submitted a Settlement Statement and a PTAX-203 Illinois Real Estate Transfer Declaration disclosing the subject property was purchased on April 24, 2014 for a price of \$32,000 or \$33.86 per square foot of living area, including land. The subject was purchased in a short sale from an individual, the sale was handled by two realtors and the sale was not between family or related corporations. The appellant disclosed that the property was advertised through the Multiple Listing Service (MLS)

and submitted an MLS Listing Sheet indicating the subject was on the market 309 days. The appellant also submitted an MLS Listing and Property History Report indicating the subject underwent a price reduction from \$40,000 to \$30,000 in June 2013. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,581. The subject's assessment reflects a market value of \$64,788 or \$68.56 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. They are described as 1-story dwellings of frame construction built between 1929 and 1961 and ranging in size from 768 to 1,152 square feet of living area. These comparables sold between April 2013 and June 2014 for prices ranging from \$70,000 to \$105,000 or from \$77.46 to \$91.15 per square foot of living area land included.

In rebuttal, the appellant's counsel claims the board of review does not dispute the recent sale of the subject, nor does it provide any evidence that the recent sale was not valid.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant provided evidence that the subject property sold on April 24, 2014 for a price of \$32,000 or \$33.86 per square foot of living area, including land. The Board finds the appellant provided evidence demonstrating the sale had elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal and submitted a Settlement Statement, a PTAX-203 Illinois Real Estate Transfer Declaration, and an MLS Listing Sheet disclosing the property was purchased from an individual in a short sale, the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised through MLS and was on the market 309 days. The Board finds the best evidence of market value is the subject's sale in April 2014 for \$32,000. The Board finds the purchase price is below the market value reflected by the assessment and the board of review did not present any substantive evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the board of review comparable sales. Although there are some similarities with the subject, these sales do not overcome the subject's arm's-length sale price. Therefore, a reduction in the subject's assessment commensurate with the appellants' request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
