

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Morrow
DOCKET NO.: 15-01440.001-R-1
PARCEL NO.: 09-20-203-003

The parties of record before the Property Tax Appeal Board are Adam Morrow, the appellant; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,900
IMPR.: \$40,090
TOTAL: \$99,990

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of frame and masonry construction with 2,077 square feet of living area. The dwelling was constructed in 1963. Features of the home include a partial unfinished basement, two fireplaces and a 1,120 square foot detached garage. The property has a 68,041 square foot site and is located in St. Charles, St. Charles Township, Kane County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales with varying degrees of similarity to the subject. The comparables sold from August 2013 to August 2015 for prices ranging from \$198,000 to \$246,000 or from \$84.44 to \$124.94 per square foot of living area, including land. The appellant also submitted market trend data for homes sales in St. Charles.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,990. The subject's assessment reflects a market value of \$300,181 or \$144.53 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales with varying degrees of similarity to the subject. The comparables sold from April 2013 to October 2014 for prices ranging from \$259,000 to \$332,000 or from \$142.84 to \$173.95 per square foot of living area, including land.

The appellant filed rebuttal argument disputing the claims made by the board of review.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sale #4 and board of review comparable sales #4 and #5. These most similar comparables sold for prices ranging from \$246,000 to \$317,000 or from \$124.94 to \$146.76 per square foot of living area, including land. The subject's assessment reflects a market value of \$300,180 or \$144.53 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Less weight was given the remaining comparables submitted by both parties based on their dissimilar design, finished basements, lot size and/or the date of sale was too remote for a January 1, 2015 valuation date.

The Board gave little merit to the market trend analysis submitted by the appellant. The appellant attempted to demonstrate the subject's assessment was inequitable and not reflective of market value because of the trends occurring in the market place from year to year. The Board finds these types of analyses are not an accurate measurement or a persuasive indicator to demonstrate an assessment inequity by clear and convincing evidence or overvaluation by a preponderance of the evidence. There was no credible evidence showing the market activity described by the appellant in this analysis are indicative of the subject's fair market value. The Board finds rising or falling assessments or sale prices from year to year on a percentage basis do not indicate whether a particular property is inequitably assessed or overvalued. Actual assessments and sale prices of properties together with their salient characteristics must be compared and analyzed to determine whether uniformity of assessments exists or if a particular property is overvalued. The Board finds assessors and boards of review are required by the Property Tax Code to revise and correct real property assessments, annually if necessary, that reflect fair market value, maintain uniformity of assessments, and are fair and just. This may result in many properties having increased or decreased assessments from year to year of varying amounts and percentage rates depending on prevailing market conditions and prior assessments.

Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
