

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Warren
DOCKET NO.: 15-01512.001-F-1
PARCEL NO.: 14-12-300-003

The parties of record before the Property Tax Appeal Board are David Warren, the appellant; and the Montgomery County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Montgomery** County Board of Review is warranted. The correct assessed valuation of the property is:

F/Land:	\$2,810
Homesite:	\$0
Residence:	\$0
Outbuildings:	\$0
TOTAL:	\$2,810

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a vacant farmland parcel of 80 acres that is comprised of 52.65 acres cropland, 26.74 acres other farmland and .61 acres of roadway. The subject property is located in rural Ramsey, Audubon Township, Montgomery County.

David Warren appeared before the Property Tax Appeal Board contesting the farmland assessment productivity as the basis of the appeal.^{1 2} In support of this appeal, the appellant submitted his farmland valuation card, property assessment notice that disclosed the amount of increase being 45.60%, parcel information report from 2006 to 2015, map, soil survey map, certified values for assessment year 2014 and 2015, soil map and legend and actual production history. Warren argued that the farmland assessment increased from tax year 2014 to tax year 2015 by 45.60%. Warren stated that pursuant to the farmland assessment law the assessment could only be increased up to 10%. Warren testified that he thought it was improper to raise the median cropped productivity index (PI) soil to 111 when his farmland PI was 92.

¹ The appellant is also arguing contention of law.

² A consolidated hearing was held with Docket Nos. 15-01513.001-F-1 and 15-01514.001-F-1. Individual decisions will be rendered for each appeal based on the applicable evidence presented.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment \$2,810 was disclosed. Representing the board of review was the Chief County Assessment Officer and Clerk of the Board of Review, Ray Durston.

In support of the subject's farmland assessment the board of review submitted the 2015 Farmland Valuation Card, a Parcel Information Report, land use and aerial maps of the parcel, a listing of the Certified Values from the Department of Revenue and a copy of the farm appeal. Durston testified that the statute had changed for 2015. Durston testified that after receiving the Certified Values for Assessment Year 2015, which is based on a dollar amount per acre, \$15.33 had to be applied to each PI for the assessed valuation per acre for the 2015 assessment year.

Under cross-examination, Durston testified that the County applied the 2015 Certified Values from the Department of Revenue to the farmland productivity indexes to arrive at the 2015 assessments for farmland.

After hearing the testimony and considering the evidence, the Property Tax Appeal Board finds it has jurisdiction over the parties and the subject matter of the appeal. The Board finds the evidence and testimony in this record indicates that the 2015 farmland values were correct based on the application of the Certified Values for Assessment Year 2015 from the Illinois Department of Revenue. The Board finds that the 2015 certified values were based on a change to the Property Tax Code for the tax year 2015. Section 10-115(e) of the Property Tax Code (35 ILCS 200/10-115(e)) provides:

the equalized assessed value per acre of farmland for each soil productivity index, which shall be 33-1/3% of the agricultural economic value, or the percentage as provided under Section 17-5; but any increase or decrease in the equalized assessed value per acre by soil productivity index shall not exceed 10% from the immediate preceding year's soil productivity index certified assessed value of the **median cropped soil**; in tax year 2015 only, that 10% limitation shall be reduced by \$5 per acre.

The Board finds that based on the evidence and testimony, the Certified Values for Assessment Year 2015 were applied correctly based on the Property Tax Code and a reduction of the farmland assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
