

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tyler Schultz
DOCKET NO.: 15-01754.001-R-1
PARCEL NO.: 06-23-301-041

The parties of record before the Property Tax Appeal Board are Tyler Schultz, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,929
IMPR.: \$51,090
TOTAL: \$66,019

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl exterior siding with 1,592 square feet of living area. The dwelling was constructed in 1991. Features of the home include a finished basement, central air conditioning and a 380 square foot garage. The property has a 8,100 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The comparables have land assessments ranging from \$1.50 to \$1.58 per square foot of land area and have improvement assessments ranging from \$27.58 to \$29.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,019. The subject property has a land assessment of \$14,929 or \$1.84 per square foot of land area and an improvement assessment of \$51,090 or \$32.09 per

square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables have land assessments ranging from \$1.53 to \$2.08 per square foot of land area and have improvement assessments ranging from \$29.95 to \$32.11 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of land assessment equity to be appellant's comparable #3 and board of review comparable #3. These comparables were the most similar in land size and had land assessments of \$1.58 and \$1.86 per square foot of land area. The subject's land assessment of \$1.84 per square foot of land area is supported by the most similar land comparables in this record.

The Board finds the best evidence of improvement assessment equity to be the board of review comparables. These comparables were most similar to the subject due to their finished basement area, like the subject. The board of review comparables had improvement assessments that ranged from \$29.95 to \$32.11 per square foot of living area. The subject's improvement assessment of \$32.09 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's improvement comparables due to their lack of basement finish, when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
