

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Kay Grant
DOCKET NO.: 15-01890.001-R-1
PARCEL NO.: 16-07-201-028

The parties of record before the Property Tax Appeal Board are Mary Kay Grant, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County, in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 22,218
IMPR.: \$260,702
TOTAL: \$282,920

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction that has 2,850 square feet of living area. The dwelling was built in 1991. Features include a full basement that is partially finished, central air conditioning, two fireplaces and a 462 square foot garage. The subject property is located in West Deerfield Township, Lake County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted five assessment comparables located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$248,865 to \$262,575 or from \$87.26 to \$92.13 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$286,932. The subject property has an improvement assessment of \$264,714 or \$92.88 per square foot of living area. In support of its assessment, the board of review submitted information on three assessment comparables located in close proximity to the subject. Two of the comparables were also used by the appellant. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$257,491 to \$262,575 or from \$90.35 to \$92.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof.

The parties presented six assessment comparables for the Board's consideration. The Board gave less weight to comparable #5 submitted by the appellant. This property has an unfinished basement and one less bathroom, inferior to the subject. The Board finds the remaining five comparables are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$257,491 to \$262,575 or from \$90.35 to \$92.13 per square foot of living area. The subject property has an improvement assessment of \$264,714 or \$92.88 per square foot of living area, which falls above the range established by the most similar assessment comparables contained in this record. After considering any necessary adjustments to the comparables for differences to the subject, the Board finds the subject's improvement assessment is excessive and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
