

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Slavomir Lazic  
DOCKET NO.: 15-01920.001-R-1  
PARCEL NO.: 01-24-301-022

The parties of record before the Property Tax Appeal Board are Slavomir Lazic, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County, in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 3,950  
**IMPR.:** \$83,383  
**TOTAL:** \$87,333

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction that has 2,744 square feet of living area. The dwelling was built in 2006. The home features an unfinished basement, central air conditioning and a 460 square foot attached garage. The subject has a 11,852 square foot site. The subject property is located in Antioch Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted three comparable sales located from .16 to 1 mile from the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables sold from August 2013 to March 2015 for prices ranging from \$215,000 to \$265,265 or from \$68.21 to \$100.59 per square foot of

living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$87,333. The subject's assessment reflects an estimated market value of \$263,210 or \$95.92 per square foot of living area including land when applying the 2015 three-year average median level of assessment for Lake County of 33.18%.

In support of the subject's assessment, the board of review submitted three comparable sales located from .16 to 1 mile from the subject. Two comparables were also used by the appellant. The comparables had varying degrees of similarity when compared to the subject. The comparables sold from August 2013 to July 2015 for prices ranging from \$220,000 to \$265,265 or from \$95.49 to \$165.18 per square foot of living area including land.

With respect to the appellant's evidence, the board of review argued comparable #2 was a foreclosure sale that sold in "as is" condition. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted five comparable sales for the Board's consideration. The Board gave less weight to comparable #2 submitted by the appellant due the fact its sold through foreclosure in "as is" condition. The Board gave less weight to comparables #2 and #3 submitted by the board of review due to their smaller dwelling size and larger sites when compared to the subject. The Board find the remaining two comparables, which were utilized by both parties, are more similar when compared to the subject in location, land area, design, age, dwelling size and features. These comparables sold in August 2013 and March 2015 for prices of \$250,000 and \$265,265 or \$95.49 and \$100.59 per square foot of living area including land, respectively. The subject's assessment reflects an estimated market value of \$263,210 or \$95.92 per square foot of living area including land, which is supported by the most similar comparables contained in the record. After considering any necessary adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
