

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Zaccari  
DOCKET NO.: 15-01940.001-R-1  
PARCEL NO.: 15-04-305-011

The parties of record before the Property Tax Appeal Board are Frank Zaccari, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County, in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 21,928  
**IMPR.:** \$102,166  
**TOTAL:** \$124,094

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two-story dwelling of wood siding exterior construction that has 2,671 square feet of living area. The dwelling was built in 1976. Features include an unfinished basement, central air conditioning, a fireplace and a 440 square foot attached garage. The subject property is located in Vernon Township, Lake County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted three assessment comparables located in same neighborhood as the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$97,839 to \$104,689 or from \$37.25 to \$38.25 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$124,094. The subject property has an improvement assessment of \$102,166 or \$38.25 per square foot of living area.

In support of its assessment, the board of review submitted four assessment comparables located in same neighborhood as the subject. One comparable was also used by the appellant. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$97,065 to \$104,689 or from \$38.11 to \$39.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof.

The parties presented six assessment comparables for the Board's consideration. The Board finds the comparables were generally similar when compared to the subject in location, design, age, dwelling size and most features. However, three of the comparables had finished basements, unlike the subject. The comparables have improvement assessments ranging from \$97,065 to \$104,689 or from \$37.25 to \$39.66 per square foot of living area. The Board finds comparable #1 submitted by the appellant and comparable #1 submitted by the board of review had unfinished basements like the subject. They had improvement assessments of \$37.49 and \$39.20 per square foot of living area, respectively. The subject property has an improvement assessment of \$102,166 or \$38.25 per square foot of living area, which is supported by the most similar assessment comparables contained in the record. After considering any necessary adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is justified and no reduction in warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
