

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chinyi Chen  
DOCKET NO.: 15-02031.001-R-1  
PARCEL NO.: 15-29-312-013

The parties of record before the Property Tax Appeal Board are Chinyi Chen, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$26,411  
**IMPR.:** \$49,449  
**TOTAL:** \$75,860

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding exterior construction that has 1,176 square feet of living area. The dwelling was built in 1972. The home features a crawl space foundation, central air conditioning and a 364 square foot attached garage. The subject has an 11,520 square foot site. The subject property is located in Vernon Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted three comparable sales located from .54 to .67 of a mile from the subject and within the same neighborhood as the subject. The comparables had varying degrees of similarity when compared to the subject. Comparable #1 was reported to be sold in October of "201" for \$214,000 or \$181.97 per square foot of living area including land. Comparables #2 and #3 sold in September 2013 and August

2014 for prices of \$190,000 and \$217,000 or \$161.56 and \$184.52 per square foot of living area including land, respectively. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$75,860. The subject's assessment reflects an estimated market value of \$228,632 or \$194.42 per square foot of living area including land when applying the 2015 three-year average median level of assessment for Lake County of 33.18%.

In support of the subject's assessment, the board of review submitted six comparable sales. The comparables are located in close proximity within the same neighborhood and subdivision as the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables sold from June 2014 to February 2015 for prices ranging from \$235,000 to \$292,900 or from \$199.83 to \$249.06 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gave less weight to comparables #1 and #2 submitted by the appellant. The year in which comparable #1 sold was not accurately disclosed. Comparable #2 sold in 2013, which is dated and less indicative of market value as of the subject's January 1, 2015 assessment date. The Board finds the seven remaining comparables are more similar when compared to the subject in location, land area, design, age, dwelling size and features. These comparables sold from June 2014 to February 2015 for prices ranging from \$217,000 and \$292,900 or from \$184.52 to \$249.06 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$228,632 or \$194.42 per square foot of living area including land, which falls at the lower end of the range established by the most similar comparable sales contained in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is justified. Based on this analysis, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
