

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teresita Mismamos  
DOCKET NO.: 15-02337.001-R-1  
PARCEL NO.: 16-08-204-014

The parties of record before the Property Tax Appeal Board are Teresita Mismamos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$62,436  
**IMPR.:** \$125,996  
**TOTAL:** \$188,432

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,678 square feet of living area. The dwelling was constructed in 1972. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 484 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The appellant did not contest land assessment. In support of this argument, the appellant submitted information on three equity comparables located within .45 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or frame exterior construction ranging in size from 2,436 to 2,704 square feet of living area. The dwellings were constructed from 1966 to 1977. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 576 square feet of building area. The

comparables have improvement assessments ranging from \$95,882 to \$107,628 or from \$36.88 to \$44.18 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,432. The subject property has an improvement assessment of \$125,996 or \$47.05 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted eight equity comparables located within .229 of a mile from the subject property. The comparables consist of two-story dwellings of brick and frame, frame or brick exterior construction ranging in size from 2,508 to 2,768 square feet of living area. The dwellings were constructed from 1968 to 1976. The comparables have basements, three of which have finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 462 to 606 square feet of building area. The comparables have improvement assessments ranging from \$117,883 to \$137,988 or from \$46.96 to \$50.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gave less weight to board of review comparables #3, #4 and #5 due to their superior finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables submitted by both parties. These eight comparables are most similar to the subject in location, dwelling size, age, design and most features. These comparables had improvement assessments ranging from \$95,882 to \$135,132 or from \$36.88 to \$50.13 per square foot of living area. The subject has an improvement assessment of \$125,996 or \$47.05 per square foot of living area, which falls within the range established by the most similar comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
