

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trevor Fassbinder
DOCKET NO.: 15-02450.001-R-1
PARCEL NO.: 07-17-113-027

The parties of record before the Property Tax Appeal Board are Trevor Fassbinder, the appellant, by attorney Kelly Murray of the Law Offices of Michael R. Davies, Ltd., in Oaklawn; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,115
IMPR.: \$81,197
TOTAL: \$98,312

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction that has 2,583 square feet of living area. The dwelling was built in 1998. The home features a full basement that is partially finished, central air conditioning, a fireplace and a 441 square foot attached garage. The subject has a 7,841 square foot site. The subject property is located in Warren Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted 10 comparable sales located within .66 of a mile from the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables sold from January 2014 to October 2015 for prices ranging from \$271,000 to \$290,000 or from \$105.30 to \$121.26 per square foot

of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$98,312. The subject's assessment reflects an estimated market value of \$296,299 or \$114.71 per square foot of living area including land when applying the 2015 three-year average median level of assessment for Lake County of 33.18%.

In support of the subject's assessment, the board of review submitted four comparable sales located within .61 of a mile from the subject. One comparable was also used by the appellant. The comparables had varying degrees of similarity when compared to the subject. The comparables sold from June 2014 to June 2015 for prices ranging from \$274,100 to \$325,000 or from \$116.95 to \$127.60 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is not warranted.

The parties submitted 13 comparable sales for the Board's consideration. The Board gave less weight to comparables #1, #2, #5, #6, #7 #8, #9 and #10 submitted by the appellant and comparables #3 and #4 submitted by the board of review. These properties lack finished basement area, inferior to the subject. The Board finds the three remaining comparables, one of which was common to both parties, are more similar when compared to the subject in location, land area, design, age, dwelling size and features. These comparables sold from July 2014 to February 2015 for prices ranging from \$271,000 to \$290,000 or from \$112.35 to \$122.58 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$296,299 or \$114.71 per square foot of living area including land, which falls at the lower end of the range established by the most similar comparable sales contained in the record on a per square foot basis. After considering necessary adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is justified. Based on this analysis, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
