

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Atif Syed
DOCKET NO.: 15-02477.001-R-1
PARCEL NO.: 07-35-205-003

The parties of record before the Property Tax Appeal Board are Atif Syed, the appellant, by attorney Kelly Murray, of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,172
IMPR.: \$52,155
TOTAL: \$63,327

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood exterior construction with 1,829 square feet of living area. The dwelling was constructed in 1995. Features of the home include a finished basement, central air conditioning, a fireplace and a 707 square foot attached garage. The property has a 6,970 square foot site and is located in Waukegan, Warren Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on 21 equity comparables located within .40 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with two-story dwellings that each contain 1,809 square feet of living area and have improvement assessments ranging from

\$42,236 to \$50,339 or from \$23.35 to \$27.83 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$53,879.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,327. The subject property has an improvement assessment of \$52,155 or \$28.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .25 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with two-story dwellings that each contain 1,809 square feet of living area and have improvement assessments ranging from \$50,345 to \$51,399 or from \$27.83 to \$28.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of 25 suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 through #5, #7 through #9 and #11 through #21 due to their lack of a finished basement when compared to the subject property. The Board finds the appellant's comparables #6 and #10 and the board of review's comparables are similar when compared to the subject in location, age, dwelling size, design, exterior construction and features. These comparables had improvement assessments that ranged from \$27.76 to \$28.41 per square foot of living area. The subject's improvement assessment of \$28.52 per square foot of living area falls slightly above the range established by the best comparables in this record, which is justified when considering the subject's larger garage in contrast to the comparables. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
