

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Meyer Homes, Inc.  
DOCKET NO.: 15-02504.001-R-1  
PARCEL NO.: 11-16-424-010

The parties of record before the Property Tax Appeal Board are Meyer Homes, Inc., the appellant, by attorney Kelly Murray, of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,798  
**IMPR.:** \$24,526  
**TOTAL:** \$90,324

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 1.5 story dwelling of wood exterior construction with 1,255 square feet of living area. The dwelling was constructed in 1900. Features of the home include a basement and a 288 square foot garage. The property has a 7,500 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within .36 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with 1.5 or two-story dwellings that range in size from 1,136 to 1,416 square feet of living area and have improvement assessments ranging from \$18,890 to \$27,269 or from \$15.64 to \$19.37 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$85,426.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,324. The subject property has an improvement assessment of \$24,526 or \$19.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .36 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with 1.5 or two-story dwellings that range in size from 1,275 to 1,354 square feet of living area and have improvement assessments ranging from \$26,977 to \$29,039 or from \$20.27 to \$21.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The board of review submitted a statement from the township assessor critiquing the appellant's comparables. Additionally, the board of review submitted a copy of the subject's July 2014 PTAX-203, Illinois Real Estate Transfer Declaration.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of nine suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 and the board of review's comparables #1 through #3 due to their difference in dwelling design when compared to the subject property. The Board finds the appellant's comparables #2 through #5 and the board of review's comparable #4 are similar when compared to the subject in location, age, dwelling size, design, exterior construction and features. These comparables had improvement assessments that ranged from \$15.64 to \$21.45 per square foot of living area. The subject's improvement assessment of \$19.54 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
