

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Conner  
DOCKET NO.: 15-02514.001-R-1  
PARCEL NO.: 15-33-103-002

The parties of record before the Property Tax Appeal Board are Edward Conner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,212  
**IMPR.:** \$89,260  
**TOTAL:** \$114,472

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a tri-level dwelling of wood exterior construction with 1,549 square feet of living area. The dwelling was constructed in 1979. Features of the home include a finished lower level, central air conditioning, a fireplace and a 460 square foot attached garage. The property has a 6,825 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted three comparable sales located within .78 of a mile from the subject property. The comparables consist of tri-level dwellings that were built from 1976 to 1987. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,418 to 1,584 square feet of living area and are situated on sites that contain 7,500 or 8,760 square feet of land area. The comparables sold from

September 2013 to July 2014 for prices ranging from \$210,000 to \$310,000 or from \$132.58 to \$207.36 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$90,065.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$114,472. The subject's assessment reflects an estimated market value of \$345,003 or \$222.73 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on three comparable sales located within .30 of a mile from the subject property. The comparables consist of tri-level dwellings that were built from 1978 to 1980. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings contain 1,454 or 1,553 square feet of living area and are situated on sites that contain from 6,825 to 9,049 square feet of land area. The comparables sold from June 2014 to August 2014 for prices ranging from \$335,000 to \$475,000 or from \$215.71 to \$326.69 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested sales for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 due to their 2013 sale dates, less proximate in time to the January 1, 2015 assessment date. The Board finds the best evidence of market value in the record to be the appellant's comparable #1 and the board of review's comparables. These comparables were similar in location, age, dwelling size, design and features. These properties sold from June 2014 to August 2014 for prices ranging from \$210,000 to \$475,000 or from \$127.21 to \$326.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$345,003 or \$222.73 per square foot of living area, including land, which falls within the range established by the best comparables in this record. Based on this evidence the Board finds the subject's assessment is reflective of the property's market value and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
