

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Edwards
DOCKET NO.: 15-02529.001-R-1
PARCEL NO.: 12-30-304-002

The parties of record before the Property Tax Appeal Board are Larry Edwards, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$100,180
IMPR.: \$365,828
TOTAL: \$466,008

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood exterior construction with 3,883 square feet of living area. The dwelling was constructed in 2001. Features of the home include a finished basement, central air conditioning, two fireplaces and a 730 square foot attached garage. The property has a 20,038 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables¹ located within .61 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with two-story dwellings that range in size from 3,772 to 4,351 square feet of living area and have improvement

assessments ranging from \$253,372 to \$351,011 or from \$58.23 to \$89.70 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$407,428.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$466,008. The subject property has an improvement assessment of \$365,828 or \$94.21 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .33 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with two-story dwellings that range in size from 3,831 to 3,938 square feet of living area and have improvement assessments ranging from \$351,011 to \$375,932 or from \$89.70 to \$96.96 per square foot of living area. Board of review comparable #1 was the same comparable as appellant's #2. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of six suggested equity comparables for the Board's consideration with one comparable common to both parties. The Board gave less weight to the board of review's comparables #3 and #4 due to their difference in design when compared to the subject property. The Board finds the appellant's comparables and the board of review's comparables #1 and #2 are similar when compared to the subject in location, age, dwelling size, design and features. These comparables had improvement assessments that ranged from \$58.23 to \$94.81 per square foot of living area. The subject's improvement assessment of \$94.21 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
