

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Carlson
DOCKET NO.: 15-02542.001-R-1
PARCEL NO.: 16-04-401-016

The parties of record before the Property Tax Appeal Board are Jeff Carlson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,611
IMPR.: \$100,920
TOTAL: \$180,531

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of brick exterior construction with 2,765 square feet of living area. The dwelling was constructed in 1962. Features of the home include a basement, central air conditioning, a fireplace and a 484 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted three comparable sales located within .90 of a mile from the subject property. The comparables consist of one-story dwellings that were built from 1955 to 1959. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,588 to 2,691 square feet of living area. The comparables sold from July 2013 to December 2014 for prices ranging from \$425,000 to

\$480,000 or from \$163.46 to \$182.57 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$161,107.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$180,531. The subject's assessment reflects an estimated market value of \$544,096 or \$196.78 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on three comparable sales located within .11 of a mile from the subject property. The comparables consist of one-story dwellings that were built from 1956 to 1960. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,432 to 2,662 square feet of living area. The comparables sold from November 2013 to August 2014 for prices ranging from \$685,000 to \$760,000 or from \$276.88 to \$312.50 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested sales for the Board's consideration. The Board gave less weight to the appellant's comparable #3 and the board of review's comparable #3 due to their 2013 sale date, which is less proximate in time to the January 1, 2015 assessment date. The Board also gave less weight to the appellant's comparable #2 due to its lack of a basement when compared to the subject property. The Board finds the best evidence of market value in the record to be the appellant's comparable #1 and the board of review's comparables #1 and #2. These comparables were similar in location, age, dwelling size, design and features. These properties sold from April 2014 to December 2014 for prices ranging from \$425,000 to \$760,000 or from \$163.46 to \$312.50 per square foot of living area, including land. The subject's assessment reflects a market value of \$544,096 or \$196.78 per square foot of living area, including land, which falls within the range established by the best comparables in this record. Based on this evidence the Board finds the subject's assessment is reflective of the property's market value and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
