

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Morawiecki
DOCKET NO.: 15-02613.001-R-1
PARCEL NO.: 07-30-401-047

The parties of record before the Property Tax Appeal Board are Peter Morawiecki, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,565
IMPR.: \$65,875
TOTAL: \$88,440

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a split-level dwelling of wood exterior construction with 1,466 square feet of living area. The dwelling was constructed in 1964. Features of the home include central air conditioning, two fireplaces and a 484 square foot attached garage. The property has a 9,360 square foot site and is located in Grayslake, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted five comparable sales located within .80 of a mile from the subject property. The comparables consist of a split-level, two 1.5-story and two tri-level dwellings that were built from 1946 to 2002. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,008 to 1,918 square feet of living area and are situated on sites that contain from 5,355 to 12,350 square feet of land

area. The comparables sold from June 2013 to June 2015 for prices ranging from \$165,300 to \$272,000 or from \$124.18 to \$174.60 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$88,440, which would reflect a market value of approximately \$265,320 or \$180.98 per square foot of living area including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$104,539. The subject's assessment reflects an estimated market value of \$315,066 or \$214.92 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on three comparable sales located within .28 of a mile from the subject property. The comparables consist of one-story, tri-level and two-story dwellings that were built from 1956 to 1990. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,104 to 1,920 square feet of living area. The comparables sold from August 2013 to August 2014 for prices ranging from \$231,000 to \$407,500 or from \$174.71 to \$285.36 per square foot of living area including land. The board of review submission also included property record cards for the subject and its three comparable sales. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 and the board of review's comparables #1 and #3 due to their difference in dwelling design when compared to the subject property. The Board also gave less weight to the appellant's comparables #3 and #5 due to their new age when compared to the subject property. The Board finds the best evidence of market value in the record to be the appellant's comparable #4 and the board of review's comparable #2. These comparables were similar to the subject in location, age, design, exterior construction and features. These properties sold in June 2015 and September 2013 for \$190,000 and \$231,000 or \$124.18 and \$209.24 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$315,066 or \$214.92 per square foot of living area, including land. Based on this evidence the Board finds the subject is overvalued and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
