

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Paronto
DOCKET NO.: 15-02618.001-R-1
PARCEL NO.: 07-30-100-037

The parties of record before the Property Tax Appeal Board are Jeffrey Paronto, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,638
IMPR.: \$164,311
TOTAL: \$191,949

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood exterior construction with 2,643 square feet of living area. The dwelling was constructed in 2009. Features of the home include a finished basement, central air conditioning, two fireplaces and an 850 square foot garage. The property has an 11,464 square foot site and is located in Grayslake, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted three comparable sales located within 2.91 miles from the subject property. The comparables consist of two-story dwellings that were built from 1999 to 2006. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,336 to 3,034 square feet of living area and are situated on sites that contain from 7,300 to 69,605 square feet of land area. The comparables

sold in June 2014 or June 2015 for prices ranging from \$428,000 to \$477,000 or from \$141.07 to \$199.06 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$155,922 reflecting a market value of approximately \$467,766.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$191,949. The subject's assessment reflects an estimated market value of \$578,508 or \$218.88 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on four comparable sales located within 1.60 miles from the subject property. The comparables consist of split-level, tri-level or two-story dwellings that were built from 1968 to 2006. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,848 to 2,636 square feet of living area and are situated on sites that contain from 8,100 to 22,215 square feet of land area. The comparables sold from August 2014 to November 2015 for prices ranging from \$465,000 to \$740,000 or from \$205.39 to \$349.72 per square foot of living area including land. The board of review submission included property record cards and the Multiple Listing Service sheets for the subject and its four comparable sales. The board of review also included a submission critiquing the appellant's comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested sales for the Board's consideration. The Board gave less weight to the appellant's comparables due to their distant location when compared to the subject property. The Board also gave little weight to the board of review's comparables #2 and #3 due to their difference in dwelling design and/or older age when compared to the subject property.

The Board finds the best evidence of market value in the record to be the board of review's comparables #1 and #4. These comparables sold proximate in time to the January 1, 2015 assessment date and were similar to the subject in location, age, dwelling size, design, exterior construction and features. These properties sold in August or October 2014 for prices of \$465,000 and \$729,000 or \$205.39 and \$276.56 per square foot of living area including land, respectively. The subject's assessment reflects a market value of \$578,508 or \$218.88 per square foot of living area, including land, which falls between the best comparables in this record. Based on this evidence the Board finds the subject is not overvalued and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
