

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dale Knutell  
DOCKET NO.: 15-02623.001-R-1  
PARCEL NO.: 04-03-300-024

The parties of record before the Property Tax Appeal Board are Dale Knutell, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,069  
**IMPR.:** \$30,575  
**TOTAL:** \$40,644

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood exterior construction with 1,693 square feet of living area. The dwelling was constructed in 1936. Features of the home include a concrete slab foundation. The property has a 27,000 square foot site and is located in Winthrop Harbor, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted four comparable sales<sup>1</sup> located within .82 of a mile from the subject property. The comparables consist of one-story dwellings that were built from 1915 to 1955. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,504 to 2,020 square feet of living area and are situated on sites that contain from 9,625 to 24,080 square feet of land area. The comparables

sold from July 2014 to June 2015 for prices ranging from \$105,000 to \$157,000 or from \$64.36 to \$90.13 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$34,985 which would reflect a market value of approximately \$104,955.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$40,644. The subject's assessment reflects an estimated market value of \$122,496 or \$72.35 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on three comparable sales located within 1.28 miles from the subject property. The comparables consist of one-story dwellings that were built from 1952 to 1966. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,330 to 1,695 square feet of living area and are situated on sites that contain from 9,150 to 10,709 square feet of land area. The comparables sold from September 2013 to October 2014 for prices ranging from \$125,000 to \$138,000 or from \$79.65 to \$103.76 per square foot of living area including land. Board of review sale #2 was the same comparable as the appellant's sale #2. The board of review submission also included property record cards for the subject and its three comparable sales. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested sales for the Board's consideration with one comparable common to both parties. The Board gave less weight to the appellant's comparable #4 and the board of review's comparable #1 due to their difference in dwelling size when compared to the subject property. The Board also gave less weight to the board of review's comparable #3 due to its 2013 sale date, which is less proximate in time to the January 1, 2015 assessment date.

The Board finds the best evidence of market value in the record to be the appellant's comparables #1 through #3 and the board of review's comparable #3. These comparables sold more proximate in time to the January 1, 2015 assessment date and were similar to the subject in location, dwelling size, design and features. These properties sold from July 2014 to June 2015 for prices ranging from \$105,000 to \$157,000 or from \$69.81 to \$90.13 per square foot of living area including land. The common comparable to both parties sold for a price of \$135,000 or \$79.65 per square foot of living area including land. The subject's assessment reflects a market value of \$122,496 or \$72.35 per square foot of living area, including land, which falls within the range established by the best comparables in this record and well supported by the common

comparable. Based on this evidence the Board finds the subject is not overvalued and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
