

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Eastman
DOCKET NO.: 15-02645.001-R-1
PARCEL NO.: 02-18-401-021

The parties of record before the Property Tax Appeal Board are Richard Eastman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,276
IMPR.: \$77,864
TOTAL: \$101,140

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction with 2,890 square feet of living area. The dwelling was constructed in 2002. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 525 square foot garage. The property has a 20,909 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales. These comparables are 2-story dwellings built between 1994 and 2009. They range in size from 2,099 to 3,466 square feet of living area. They feature basements, three with finished area, central air conditioning, 1 or 2 fireplaces and garages that range in size from 420 to 841 square feet of building area. They are located a distance of .03 to .38 of a mile from the subject. These comparables sold between July

2014 and July 2015 for prices ranging from \$187,000 to \$450,000 or from \$65.36 to \$129.83 per square foot of living area land included. The appellant requested the total assessment be reduced to \$101,140 or a market value of approximately \$304,822 or \$105.47 per square foot of living area including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$128,411. The subject's assessment reflects a market value of \$387,013 or \$133.91 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Lake County of 33.18% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. They are described as 2-story dwellings of frame construction built between 2004 and 2006. They range in size from 3,186 to 3,214 square feet of living area. They feature basements, one with finished area, central air conditioning, fireplaces and garages that range in size from 660 to 1,320 square feet of building area. They are located a distance of .14 to 3.11 miles from the subject. These comparables sold between June 2012 and November 2014 for prices ranging from \$375,000 to \$480,000 or from \$116.68 to \$150.47 per square foot of living area land included. Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board gave less weight to the appellant's comparables #1, #3, #4, #5 and #6 based on dwelling sizes dissimilar from the subject and/or unqualified sale. The Board also gave less weight to the board of review comparables based on their dated sales and/or distance from the subject. Although it has a smaller site size, the Board finds the best evidence of market value is appellant's comparable #2. This comparable was most similar to the subject in location, dwelling size, construction, style, age, and most features, and sold proximate in time to the subject's assessment date of January 1, 2015. This comparable sold for \$249,900 or \$90.91 per square foot of living area, including land. The subject's assessment reflects a market value of \$387,013 or \$133.91 per square foot of living area, including land, which is above the best comparable sale in this record. Based on this evidence the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
