

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Bowers
DOCKET NO.: 15-02673.001-R-1
PARCEL NO.: 08-16-323-014

The parties of record before the Property Tax Appeal Board are Larry Bowers, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,864
IMPR.: \$24,634
TOTAL: \$28,498

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction with 2,116 square feet of living area. The dwelling was constructed in 1924. Features of the dwelling include an unfinished basement, a fireplace and a 378 square foot garage. The property has a 5,218 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales. These comparables are described as 1½ or 2-story dwellings of brick or frame construction built between 1901 and 1957. They range in size from 1,944 to 2,328 square feet of living area. They feature unfinished basements, two have central air conditioning, three feature fireplaces and four have garages. They are located a distance of .20 to .51 of a mile from the subject. These comparables sold between January 2014 and April 2015 for prices ranging from \$40,500 to \$113,000 or from \$18.54 to \$58.13 per square

foot of living area land included. The appellant requested the total assessment be reduced to \$21,158 or a market value of approximately \$63,480 or \$30.00 per square foot of living area including land at the statutory level of assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,498. The subject's assessment reflects a market value of \$85,889 or \$40.59 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Lake County of 33.18% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales. Board of review comparable #1 was the same property as the appellant's comparable #1. They are described as 2-story dwellings of frame, stucco or brick construction built between 1901 and 1927. They range in size from 1,926 to 2,270 square feet of living area. All of the comparables feature unfinished basements and garages. Four have central air conditioning and five have fireplaces. They are located a distance of .22 to .59 of a mile from the subject. These comparables sold between April 2013 and June 2015 for prices ranging from \$89,900 to \$135,000 or from \$45.97 to \$60.75 per square foot of living area land included.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave less weight to the appellant's comparables #2, #4, #5 and #6 based on the dissimilar age of the dwelling as compared to the subject. The Board also gave less weight to the board of review comparables #2, #3, #5 and #6 based on the age of the dwelling and/or their somewhat dated 2013 sale dates which were not as proximate in time to the subject's January 1, 2015 assessment date as other comparables. The Board also gave less weight to the board of review comparable #4 based on its significantly larger site size as compared to the subject. The Board finds the best evidence of market value in the record to be appellant's comparables #1 and #3 and board of review comparable #1, which is the same property as appellant's comparable #1. These comparables were similar to the subject in location, site size, dwelling size and age and sold proximate in time to the subject's assessment date of January 1, 2015. These comparables sold for prices of \$77,000 and \$113,000 or for \$33.10 and \$58.13 per square foot of living area, including land. The subject's assessment reflects a market value of \$85,889 or \$40.59 per square foot of living area, including land, which is supported by the best comparable sales in this record on both a total market value basis as well as a per square foot basis. Based on this evidence the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
