

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mac Choi
DOCKET NO.: 15-02692.001-R-1
PARCEL NO.: 14-03-104-005

The parties of record before the Property Tax Appeal Board are Mac Choi, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,337
IMPR.: \$126,583
TOTAL: \$166,920

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick construction with 3,300 square feet of living area. The dwelling was constructed in 2003. Features of the dwelling include an unfinished basement, central air conditioning, a fireplace and an 839 square foot garage. The property has a 29,986 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. These comparables are described as 2-story dwellings of frame construction built between 2000 and 2003. They range in size from 3,510 to 3,953 square feet of living area. They feature basements, two with finished area, central air conditioning, one or two fireplaces and garages that range in size from 682 to 882 square feet of building area. Comparable #1 features an in-ground pool. They are located on the same street

as the subject at a distance of .05 to .29 of a mile from the subject. These comparables sold between March 2014 and March 2015 for prices ranging from \$504,000 to \$558,500 or from \$133.02 to \$151.57 per square foot of living area land included. The appellant requested the total assessment be reduced to \$156,184 or a market value of approximately \$468,600 or \$142.00 per square foot of living area including land at the statutory level of assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,920. The subject's assessment reflects a market value of \$503,074 or \$152.45 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Lake County of 33.18% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. They are described as 2-story dwellings of frame construction built between 2000 and 2003. They range in size from 2,672 to 3,510 square feet of living area. All of the comparables feature unfinished basements, central air conditioning, fireplaces and garages that range in size from 748 to 873 square feet of building area. They are located a distance of .11 to .21 of a mile from the subject with comparables #1 and #3 located on the same street as the subject. These comparables sold between July 2014 and August 2015 for prices ranging from \$486,000 to \$550,000 or from \$151.57 to \$181.89 per square foot of living area land included.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave less weight to the appellant's comparables #1, #2 and #4 based on their significantly larger dwelling size and/or finished basement as compared to the subject's unfinished basement. The Board also gave less weight to the board of review comparable #1 based on its significantly smaller dwelling size as compared to the subject. The Board finds the best evidence of market value in the record to be appellant's comparable #3 and board of review comparables #2 and #3. These comparables were most similar to the subject in location, site size, dwelling size, style, age and most features. These comparables sold for prices ranging from \$532,000 to \$552,000 or from \$148.19 to \$169.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$503,074 or \$152.45 per square foot of living area, including land, which is below the best comparable sales in this record on a total market value basis and within the range established by these comparables on a per square foot basis. Based on this evidence the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
