

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yossi Azaraf
DOCKET NO.: 15-02717.001-R-1
PARCEL NO.: 16-21-112-002

The parties of record before the Property Tax Appeal Board are Yossi Azaraf, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$109,204
IMPR.: \$121,794
TOTAL: \$230,998

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,596 square feet of living area. The dwelling was constructed in 1970. Features of the home include a finished basement, central air conditioning, a fireplace and a 552 square foot garage. The property is situated on a 40,777 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within 1.0 mile from the subject property. The comparables were improved with 1.75 story or two-story dwellings that range in size from 3,002 to 4,214 square feet of living area and have improvement assessments ranging from \$72,105 to \$99,787 or from \$23.68 to \$24.02 per square foot of living

area. Based on this evidence, the appellant requested the total assessment be reduced to \$195,148.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$230,998. The subject property has an improvement assessment of \$121,794 or \$33.87 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .22 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with two-story dwellings that range in size from 3,436 to 3,744 square feet of living area and have improvement assessments ranging from \$110,773 to \$131,734 or from \$32.15 to \$35.19 per square foot of living area. The board of review submission included property record cards for the subject and its four equity comparables. The board of review submission also included a memo critiquing the appellant's submission. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 through #4 due to their difference in size or dwelling design when compared to the subject property. Furthermore, the Board gave less weight to the remaining comparable due to the lack of descriptive information about the improvements which prevents a meaningful analysis to determine the similarities of the comparables to the subject property. The Board finds the board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and other features. These comparables had improvement assessments that ranged from \$32.15 to \$35.19 per square foot of living area. The subject's improvement assessment of \$33.87 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
