

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Rosen
DOCKET NO.: 15-02914.001-R-1
PARCEL NO.: 16-26-401-027

The parties of record before the Property Tax Appeal Board are William Rosen, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$135,040
IMPR.: \$186,981
TOTAL: \$322,021

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,938 square feet of living area. The dwelling was constructed in 1999. Features of the home include a finished basement, central air conditioning, a fireplace and a 484 square foot attached garage. The property has a 3,920 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted five comparable sales located from .06 to 1.79 miles from the subject property. The comparables consist of one-story dwellings that were built from 1954 to 1997. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,662 to 3,266 square feet of living area and are situated on sites that contain from 5,227 to 26,455 square feet of land area. The comparables

sold from September 2014 to March 2015 for prices ranging from \$485,000 to \$980,000 or from \$182.19 to \$341.11 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$283,978 which would reflect a market value of approximately \$851,934.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$322,021. The subject's assessment reflects an estimated market value of \$970,527 or \$330.34 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on four comparable sales located within .70 of a mile from the subject property. The comparables consist of one-story or two-story dwellings that were built from 1978 to 1997. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,494 to 3,890 square feet of living area and are situated on sites that contain from 4,753 to 12,170 square feet of land area. The comparables sold from August 2013 to September 2015 for prices ranging from \$800,000 to \$1,235,000 or from \$317.48 to \$357.70 per square foot of living area including land. Board of review sale #1 was the same comparable as the appellant's sale #1. The board of review submission included property record cards for the subject, its four comparable sales and the appellant's comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested sales for the Board's consideration with one comparable common to both parties. The Board gave less weight to the appellant's comparables #2 through #5 and the board of review's comparable #4 due to their larger lot size and distant location when compared to the subject property. The Board also gave less weight to the board of review's comparable #2 due to its difference in dwelling design and much larger size when compared to the subject property.

The Board finds the best evidence of market value in the record to be the appellant's comparable #1 and the board of review's comparables #1 and #3. These comparables sold proximate in time to the January 1, 2015 assessment date and were similar to the subject in location, size, dwelling design, exterior construction and other features. These properties sold in September 2014 or September 2015 for prices of \$917,500 and \$980,000 or \$341.11 and \$357.70 per square foot of living area including land. The subject's assessment reflects a market value of \$970,527 or \$330.34 per square foot of living area, including land, which falls between the best comparables in this record in terms of overall value and is lower on a per square foot basis. Based on this

evidence the Board finds the subject is not overvalued and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
