

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jill Lenihan
DOCKET NO.: 15-02949.001-R-1
PARCEL NO.: 08-04-205-021

The parties of record before the Property Tax Appeal Board are Jill Lenihan, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,801
IMPR.: \$28,136
TOTAL: \$35,937

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood exterior construction with 1,797 square feet of living area. The dwelling was constructed in 1950. Features of the home include an unfinished basement and a 552 square foot garage. The property has a 15,802 square foot site and is located in Beach Park, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted eight comparable sales¹ located from 2.34 to 4.82 miles from the subject property. The comparables consist of one-story dwellings that were built from 1950 to 1966. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,412 to 1,999 square feet of living area and are situated on sites that contain from 7,329 to 19,166 square feet of land area. The comparables sold from January 2013 to January 2014 for prices ranging from \$45,200 to \$74,500 or from

\$25.89 to \$50.10 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$21,665 which would reflect a market value of approximately \$64,995.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$35,937. The subject's assessment reflects an estimated market value of \$108,309 or \$60.27 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on three comparable sales located from .05 to 1.40 miles from the subject property. The comparables consist of one-story dwellings that were built from 1950 to 1972. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,148 to 1,643 square feet of living area and are situated on sites that contain from 7,793 to 44,812 square feet of land area. The comparables sold from September 2014 to October 2015 for prices ranging from \$94,000 to \$127,500 or from \$60.26 to \$81.88 per square foot of living area including land. The board of review submission included property record cards and MLS sheets for the subject and its three comparable sales. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 11 suggested sales for the Board's consideration with two common comparables. The Board gave less weight to the appellant's comparables due to their distant location and 2013 sale dates, which are less proximate in time for the January 1, 2015 assessment date. The Board also gave less weight to the board of review's comparable #1 due to its newer age and smaller dwelling size when compared to the subject property.

The Board finds the best evidence of market value in the record to be the board of review's comparables #2 and #3. These comparables sold more proximate in time to the January 1, 2015 assessment date and were similar to the subject in location, age, dwelling size, design and features. These properties sold in September or November of 2014 for prices of \$99,000 and \$127,500 or \$60.26 and \$78.70 per square foot of living area including land. The subject's assessment reflects a market value of \$108,309 or \$60.27 per square foot of living area, including land, which falls between the best comparables in this record. Based on this evidence the Board finds the subject is not overvalued and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
