

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donato Camarena
DOCKET NO.: 15-02972.001-R-1
PARCEL NO.: 08-16-309-006

The parties of record before the Property Tax Appeal Board are Donato Camarena, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,998
IMPR.: \$17,239
TOTAL: \$21,237

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 1,272 square feet of living area. The dwelling was constructed in 1925. Features of the home include an unfinished basement and a 400 square foot garage. The property has a 5,399 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted 12 comparable sales located from .46 to 4.77 miles from the subject property. The comparables consist of 1.5-story or 2.0-story dwellings that were built from 1901 to 1920. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,104 to 1,428 square feet of living area and are situated on sites that contain from 2,125 to 8,800 square feet of land area. The comparables sold from August 2012 to February 2015 for prices ranging from \$14,000 to \$36,207 or from \$9.97 to \$27.78 per square foot of living area including land. Based on this

evidence, the appellant requested the total assessment be reduced to \$9,999 which would reflect a market value of approximately \$29,997.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$21,237. The subject's assessment reflects an estimated market value of \$64,005 or \$50.32 per square foot of living area including land when applying Lake County's 2015 three-year average median level of assessment of 33.18% as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted information on four comparable sales located within .33 of a mile from the subject property. The comparables consist of two-story dwellings that were built from 1925 to 1937. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,144 to 1,232 square feet of living area and are situated on sites that contain from 5,259 to 9,687 square feet of land area. The comparables sold from May 2014 to September 2015 for prices ranging from \$55,000 to \$77,500 or from \$44.64 to \$64.80 per square foot of living area including land. The board of review submission included property record cards for the subject and its four comparable sales. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 16 suggested sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1 through #9, #11 and #12 due to their distant location and/or 2012 or 2013 sale dates which are less proximate in time for the January 1, 2015 assessment date.

The Board finds the best evidence of market value in the record to be the appellant's comparable #10 and the board of review's comparables. These comparables sold more proximate in time to the January 1, 2015 assessment date and were similar to the subject in location, age, dwelling size, design and features. These properties sold from January 2014 to September 2015 for prices ranging from \$33,000 to \$77,500 or from \$27.78 to \$64.80 per square foot of living area including land. The subject's assessment reflects a market value of \$64,005 or \$50.32 per square foot of living area, including land, which falls within the range established by the best comparables in this record. Based on this evidence the Board finds the subject is not overvalued and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
