

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rajeev & Meenakshi Jain
DOCKET NO.: 15-03023.001-R-1
PARCEL NO.: 14-22-102-004

The parties of record before the Property Tax Appeal Board are Rajeev & Meenakshi Jain, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 42,256
IMPR.: \$147,331
TOTAL: \$189,587

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction that has 3,767 square feet of living area. The dwelling was built in 1997. The home features a finished basement, central air conditioning, two fireplaces, and a 651 square foot attached garage. The subject has a 55,351 square foot site. The subject property is located in Ela Township, Lake County, Illinois.

The appellants submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellants submitted three comparable sales located within .88 of a mile from the subject, however, none of the comparables are located in the same subdivision and neighborhood as the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables sold from May 2013 to September 2014 for prices ranging from \$482,500 to \$525,000 or from \$123.94 to \$139.21 per square foot

of living area including land. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$189,587. The subject's assessment reflects an estimated market value of \$571,389 or \$151.68 per square foot of living area including land when applying the 2015 three-year average median level of assessment for Lake County of 33.18%.

In support of the subject's assessment, the board of review submitted four comparable sales located within .45 of a mile from the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables sold from July 2013 to January 2016 for prices ranging from \$512,000 to \$645,000 or from \$158.73 to \$183.71 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants failed to meet this burden of proof and no reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellants due to their location in different subdivisions and considerably smaller sites when compared to the subject. Additionally, comparable #1 sold in 2013, which is dated and less indicative of market value as of the subject's January 1, 2015 assessment date. The Board gave less weight to comparables #2 and #4 submitted by the board of review. These comparables sold in 2013 or 2016, less proximate in time to the subject's January 1, 2015 assessment date. The Board finds the remaining two comparables are more similar when compared to the subject in location, land area, design, age, and features, but one comparable is somewhat inferior in dwelling size. These comparables sold in April 2014 and September 2015 for prices of \$625,000 and \$512,000 or \$174.68 and \$183.71 per square foot of living area including land, respectively. The subject's assessment reflects an estimated market value of \$571,389 or \$151.68 per square foot of living area including land, which is well supported by the most similar comparable sales contained in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is justified. Based on this analysis, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
