

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rick & Anne Hersemann
DOCKET NO.: 15-03100.001-R-1
PARCEL NO.: 13-25-302-002

The parties of record before the Property Tax Appeal Board are Rick & Anne Hersemann, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,938
IMPR.: \$178,081
TOTAL: \$240,019

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,130 square feet of living area. The dwelling was constructed in 2001. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 684 square foot attached garage. The property has an 81,695 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellants contend assessment inequity as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables located within .49 of a mile from the subject property. The comparables were improved with two-story dwellings that were built in 1998 or 1999. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 3,331 to 4,059 square feet of living area and have improvement assessments ranging from \$127,652 to \$150,415 or from \$33.27 to

\$38.32 per square foot of living area. Based on this evidence, the appellants requested the total assessment be reduced to \$213,164.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$240,019. The subject property has an improvement assessment of \$178,081 or \$43.12 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located from .56 to 1.94 miles from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. Comparable #3 had a swimming pool. The comparables were improved with two-story dwellings that were built from 2000 to 2008. The dwellings range in size from 3,532 to 4,201 square feet of living area and have improvement assessments ranging from \$159,094 to \$184,617 or from \$43.78 to \$48.32 per square foot of living area. The board of review submission included property record cards for the subject and its three equity comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of six suggested equity comparables for the Board's consideration. The Board gave less weight to the appellants' comparable #1 due to its smaller dwelling size and finished basement when compared to the subject property. The Board also gave less weight to the board of review's comparables #1 and #3 due to their finished basement and swimming pool when compared to the subject property. The Board finds the appellants' comparables #2 and #3 and the board of review comparable #2 are more similar when compared to the subject in age, dwelling size, design and other features. These comparables had improvement assessments that ranged from \$33.27 to \$43.78 per square foot of living area. The subject's improvement assessment of \$43.12 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
