

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dana & Randall Harland  
DOCKET NO.: 15-03103.001-R-1  
PARCEL NO.: 16-32-307-015

The parties of record before the Property Tax Appeal Board are Dana & Randall Harland, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$55,340  
**IMPR.:** \$137,673  
**TOTAL:** \$193,013

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 2,880 square feet of living area. The dwelling was constructed in 1972. Features of the home include a finished basement, central air conditioning, a fireplace and a 440 square foot attached garage. The property has a 10,820 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellants contend assessment inequity as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables located within .51 of a mile from the subject property. The comparables were improved with two-story dwellings that were built in 1974 or 1977. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,700 to 2,892 square feet of living area and have improvement assessments ranging from \$108,513 to \$113,961 or from \$39.41 to

\$40.19 per square foot of living area. Based on this evidence, the appellants requested the total assessment be reduced to \$170,098.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$193,013. The subject property has an improvement assessment of \$137,673 or \$47.80 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .31 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with two-story dwellings that were built from 1970 to 1986. The dwellings range in size from 2,754 to 2,884 square feet of living area and have improvement assessments ranging from \$128,869 to \$142,299 or from \$45.94 to \$49.42 per square foot of living area. The board of review submission included property record cards for the subject and its four equity comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the board of review's comparable #1 due to its newer age when compared to the subject property. The Board finds the appellants' comparables and the board of review comparables #2 through #4 are more similar when compared to the subject in location, age, dwelling size, design, exterior construction and other features. These comparables had improvement assessments that ranged from \$39.41 to \$49.34 per square foot of living area. The subject's improvement assessment of \$47.80 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
