

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandy Lippe
DOCKET NO.: 15-03105.001-R-1
PARCEL NO.: 16-21-207-006

The parties of record before the Property Tax Appeal Board are Sandy Lippe, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$95,391
IMPR.: \$188,664
TOTAL: \$284,055

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 3,409 square feet of living area. The dwelling was constructed in 1990. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 483 square foot attached garage. The property has a 7,045 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from .14 to .53 of a mile from the subject property. The comparables were improved with one-story dwellings with brick or wood siding exterior construction that ranged in size from 3,011 to 3,448 square feet of living area. The dwellings were constructed from 1991 to 1995. Features had varying degrees of similarity when compared to the subject. The comparables site sizes were not disclosed. The

comparables sold from May 2013 to June of 2014 for prices ranging from \$725,000 to \$765,000 or from \$221.87 to \$240.78 per square foot of living area, land included. Based on this evidence, the appellant requested that the assessment be reduced to \$260,239 or a market value of \$780,717 or \$229.02 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$284,055. The subject's assessment reflects a market value of \$856,103 or \$251.13 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Lake County of 33.18% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from .117 to .578 of a mile from the subject property. The comparables were improved with one-story dwellings with brick exterior construction that ranged in size from 3,103 to 3,762 square feet of living area. The dwellings were constructed from 1991 to 1995. Features had varying degrees of similarity when compared to the subject. The comparables had site sizes ranging from 7,627 to 11,780 square feet. The comparables sold from June 2013 to September 2015 for prices ranging from \$840,000 to \$1,100,000 or from \$270.71 to \$322.67 per square foot of living area, land included. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gives little weight to the appellant's comparables #1 and #2 along with the board of review's comparable #4. These sales occurred from May 2013 to July 2013, which is less indicative of fair market value as of the subject's January 1, 2015 assessment date.

The Board finds the best evidence of market value to be appellant's comparable sale #3 along with the board of review comparable sales #1, #2 and #3. These most similar comparables in location, dwelling size, age, exterior construction and features when compared to the subject sold for prices ranging from \$765,000 to \$1,050,000 or from \$221.87 to \$322.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$856,103 or \$251.13 per square foot of living area, including land, which is within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
