

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yueh Liu  
DOCKET NO.: 15-03106.001-R-1  
PARCEL NO.: 16-31-204-024

The parties of record before the Property Tax Appeal Board are Yueh Liu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$46,117  
**IMPR.:** \$139,021  
**TOTAL:** \$185,138

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood and brick exterior construction with 2,793 square feet of living area. The dwelling was constructed in 1987. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 483 square foot garage. The property has a 9,089 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located from .03 to .07 of a mile from the subject property. The comparables were improved with two-story style brick or wood siding dwellings that ranged in size from 2,728 to 3,092 square feet of living area. The dwellings were constructed from 1981 to 1987. Features had varying degrees of similarity when compared to the subject. The

comparables had improvement assessments that ranged from \$104,267 to \$125,314 or from \$36.70 to \$45.94 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$111,450 or \$39.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,138. The subject property has an improvement assessment of \$139,021 or \$49.77 per square foot of living area.

The board of review submitted a memorandum from Martin P. Paulson, Clerk of the Lake County Board of Review, along with additional data. Paulson asserted that the appellant's comparables #1 and #2 back directly to Deerfield Road which has traffic while the subject does not and the West Deerfield Township Assessor applies a negative influence factor to both the land and building portions of the assessment in these instances.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from .03 to .06 of a mile from the subject property. The comparables were improved with two-story style wood and brick or wood siding dwellings that range in size from 2,688 to 2,815 square feet of living area. One comparable was also utilized by the appellant. The dwellings were constructed in 1985 or 1986. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$125,314 to \$139,260 or from \$45.94 to \$51.81 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The appellant's comparable #3 is also board of review's comparable #3. The Board gave less weight to the appellant's comparables #1 and #2 due to their inferior location.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 along with the board of review comparables. These comparables are more similar in location, design, dwelling size, age and features when compared to the subject property. These comparables had improvement assessments that ranged from \$45.94 to \$51.81 per square foot of living area. The subject's improvement assessment of \$49.77 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
