

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Berardi
DOCKET NO.: 15-03157.001-R-1
PARCEL NO.: 16-21-110-019

The parties of record before the Property Tax Appeal Board are James Berardi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$109,204
IMPR.: \$133,203
TOTAL: \$242,407

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,418 square feet of living area. The dwelling was constructed in 1978. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 572 square foot attached garage. The subject property also has a 300 square foot detached garage and an in-ground swimming pool. The subject's site size was not disclosed. The property is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located from .16 to .23 of a mile from the subject property. The comparables were improved with two-story style brick dwellings that ranged in size from 3,475 to 3,658 square feet of living area. The dwellings were constructed from 1970 to 1975. Features

had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$107,441 to \$124,010 or from \$30.92 to \$33.90 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$112,440 or \$32.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$242,407. The subject property has an improvement assessment of \$133,203 or \$38.97 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from .03 to .26 of a mile from the subject property. The comparables were improved with two-story style brick dwellings that range in size from 3,310 to 3,588 square feet of living area. The dwellings were constructed from 1977 to 1980. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$121,619 to \$141,651 or from \$36.24 to \$40.16 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the comparables submitted by both parties have various degrees of similarity in location, dwelling size, age, style and features when compared to the subject property. These comparables had improvement assessments that ranged from \$30.92 to \$40.16 per square foot of living area. The subject's improvement assessment of \$38.97 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
