

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Johnson  
DOCKET NO.: 15-03574.001-R-1  
PARCEL NO.: 06-19-105-148

The parties of record before the Property Tax Appeal Board are John Johnson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,667  
**IMPR.:** \$10,155  
**TOTAL:** \$11,822

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 668 square feet of living area. The dwelling was constructed in 2000. Features of the home include central air conditioning and a 231 square foot garage. The property is located in Round Lake Beach, Avon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased at a Sheriff's sale on May 29, 2014 for a price of \$25,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,822. The subject's assessment reflects a market value of

\$35,630 or \$53.34 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for Lake County of 33.18% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales with varying degrees of similarity to the subject. The comparables sold from August 2014 to April 2015 for prices ranging from \$38,000 to \$48,425 or from \$51.30 to \$64.37 per square foot of living area, including land.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$51.30 to \$64.37 per square foot of living area, including land. The subject's assessment reflects a market value of \$53.34 per square foot of living area, including land, which is within the range established by the comparable sales in this record. The Board gave little weight to the subject's sale due to the fact appellant's counsel failed to complete Section IV of the appeal petition. Because of this, the Board is unable to determine if the subject's purchase contained all elements of an arm's length transaction. The Board is unable to determine if the subject was advertised on the open market as the board of review argued the subject was not advertised using a Multiple Listing Service. This argument was not refuted by appellant's counsel. The Board further finds a sale of the subject at a Sherriff's sale calls into question the arm's length nature of the transaction. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
