

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marian Rudawski
DOCKET NO.: 15-03693.001-R-1
PARCEL NO.: 05-25-306-034

The parties of record before the Property Tax Appeal Board are Marian Rudawski, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,954
IMPR.: \$56,017
TOTAL: \$65,971

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction that has 2,240 square feet of living area. The dwelling was built in 2003. Features include an unfinished basement, central air conditioning, a fireplace and a 400 square foot attached garage. The subject property is located in Grant Township, Lake County, Illinois.

The appellant contends assessment inequity as the basis of the appeal.¹ The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted four assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of frame exterior construction that are 13 years old. Each comparable has an unfinished basement, central air conditioning, a fireplace and a 400 square foot attached garage.

¹ The appellant marked comparable sales on the appeal petition as the basis of the appeal. However, the sales data submitted by the appellant was from 2003, which are not relevant for an appeal for the 2015 tax year. The Board shall proceed to issue a decision based on the assessment equity evidence contained in the record.

The comparables have improvement assessments ranging from \$55,860 to \$56,766 or from \$24.88 to \$25.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$65,971. The subject property has an improvement assessment of \$56,017 or \$25.01 per square foot of living area.

In support of the subject's assessment, the board of review submitted eight assessment comparables located from .16 to .27 of a mile from the subject. Two of the comparables were also used by the appellant. The comparables consist of two-story dwellings of wood siding exterior construction that were built from 2000 to 2003. Three comparables have full or partial finished basements and five comparables have unfinished basements. Each comparable has central air conditioning and a garage that contains from 400 to 600 square feet of building area. Three comparables have a fireplace. The comparables have improvement assessments ranging from \$53,763 to \$58,970 or from \$24.00 to \$26.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains ten assessment comparables for the Board's consideration. The Board gave less weight to comparables #1, #3 and #7 submitted by the board of review. These comparables have finished basements, unlike the subject. The Board finds the remaining seven comparables are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$53,763 to \$57,766 or from \$24.00 to \$25.34 per square foot of living area. The subject property has an improvement assessment of \$56,017 or \$25.01 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
