

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Silverio M. Labra
DOCKET NO.: 15-03734.001-R-1
PARCEL NO.: 08-20-420-042

The parties of record before the Property Tax Appeal Board are Silverio M. Labra, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,904
IMPR.: \$11,605
TOTAL: \$15,509

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction that has 1,056 square feet of living area. The dwelling was constructed in 1920. The home features an unfinished basement, central air conditioning and a 440 square foot garage. The subject has a 5,271 square foot site. The subject property is located in Waukegan Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation and assessment inequity as the bases of the appeal. In support of overvaluation argument, the appellant submitted three comparables located from .17 to 1.95 miles from the subject. The comparables consist one-story dwellings of brick or wood siding exterior construction that were built from 1901 to 1928. The comparables have unfinished basements and a garage that contains from 240 to 440 square feet of building area. One comparable has central air conditioning and one comparable has a fireplace. The dwellings range in size from 1,089 to 1,180 square feet of

living area and are situated on sites that contain from 3,743 to 7,345 square feet of land area. The comparables sold in February or July of 2015 for prices ranging from \$15,000 to \$20,500 or from \$13.26 to \$18.37 per square foot of living area including land. The comparables have improvement assessments ranging from \$8,593 to \$14,749 or from \$7.28 to \$13.54 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$15,509. The subject's assessment reflects an estimated market value of \$46,742 or \$44.26 per square foot of living area including land area when applying Lake County's 2015 three-year average median level of assessment of 33.18%. The subject has an improvement assessment of \$11,605 or \$10.99 per square of living area.

In support of the subject's assessment, the board of review submitted four comparables located from .09 to .13 of a mile from the subject. The comparables consist of one-story dwellings of brick, wood or aluminum siding exterior construction that were built in 1925 or 1930. The comparables have unfinished basements, one comparable has central air conditioning, and each comparable has a garage that contains from 400 to 480 square feet of building area. The dwellings range in size from 912 to 1,148 square feet of living area and are situated on sites that contain from 5,080 to 5,359 square feet of land area. The comparables sold from April 2013 to April 2014 for prices ranging from \$40,000 to \$59,000 or from \$34.84 to \$61.46 per square foot of living area including land. The comparables have improvement assessments ranging from \$11,448 to \$12,077 or from \$10.07 to \$13.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation as a basis of the appeal. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted seven comparable sales for the Board's consideration. The Board gave less weight to comparables #2 and #3 submitted by the appellant due to their distant location when compared to the subject. The Board finds the remaining six comparables are more similar when compared to the subject in location, land area, design, age, dwelling size and features. They sold from April 2013 to July 2015 for prices ranging from \$15,000¹ to \$59,000 or from \$13.26 to \$61.46 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$46,742 or \$44.26 per square foot of living area including land, which falls within the range established by the most similar comparable sales contained in the record. After considering any necessary adjustments to the comparables for differences when compared

to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

The taxpayer also argued assessment inequity as an alternative basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains seven assessment comparables for the Board's consideration. The Board gave less weight to comparables #2 and #3 submitted by the appellant due to their distant location when compared to the subject. The Board finds the remaining seven comparables are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$11,448 to \$12,077 or from \$10.07 to \$13.24 per square foot of living area. The subject property has an improvement assessment of \$11,605 or \$10.99 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
