

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Humberto & Maria C. Davila  
DOCKET NO.: 15-03738.001-R-1  
PARCEL NO.: 08-09-312-014

The parties of record before the Property Tax Appeal Board are Humberto & Maria C. Davila, the appellants; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 9,413  
**IMPR.:** \$28,323  
**TOTAL:** \$37,736

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of aluminum siding exterior construction that has 1,920 square feet of living area. The dwelling was constructed in 1976. The home features an unfinished basement, central air conditioning, a fireplace and a 440 square foot garage. The subject has an 8,800 square foot site. The subject property is located in Waukegan Township, Lake County, Illinois.

The appellants submitted evidence before the Property Tax Appeal Board claiming overvaluation and assessment inequity as the bases of the appeal. In support of these arguments, the appellants submitted three comparables located from 1.39 to 2.32 miles from the subject. None of the comparables are located in the same neighborhood or neighborhood number as the subject. The comparables consist of two-story dwellings of brick or wood siding exterior construction that were built from 1966 to 1969. The comparables have unfinished basements, one comparable has central air conditioning, two comparables have a fireplace and two comparables have a garage

that contain 308 and 441 square feet of building area, respectively. The dwellings range in size from 2,080 to 2,146 square feet of living area and are situated on sites that contain from 6,327 to 10,585 square feet of land area. The comparables sold from April 2012 to July 2014 for prices ranging from \$81,900 to \$97,000 or from \$39.26 to \$46.63 per square foot of living area including land. The comparables have improvement assessments ranging from \$23,850 to \$30,957 or from \$11.11 to \$14.84 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$37,736. The subject's assessment reflects an estimated market value of \$113,731 or \$59.24 per square foot of living area including land area when applying Lake County's 2015 three-year average median level of assessment of 33.18%. The subject has an improvement assessment of \$28,323 or \$14.75 per square of living area.

In support of the subject's assessment, the board of review submitted four comparables located from .01 to .13 of a mile from the subject. The comparables consist of two-story or part two-story and part one-story dwellings of brick, aluminum or wood siding exterior construction that were built from 1966 to 1968. The comparables have unfinished basements, central air conditioning, a fireplace and three comparables have a garage that contain from 448 to 540 square feet of building area. The dwellings range in size from 1,714 to 2,160 square feet of living area and are situated on sites that contain from 5,750 to 11,722 square feet of land area. The comparables sold from April 2015 to July 2016 for prices ranging from \$120,000 to \$183,700 or from \$55.56 to \$87.98 per square foot of living area including land. The comparables have improvement assessments ranging from \$25,510 to \$29,423 or from \$13.53 to \$14.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation as a basis of the appeal. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof.

The parties submitted seven comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellants due to their distant location from 1.39 to 2.32 miles from the subject. Additionally, comparables #1 and #2 sold in 2012 or 2013, which are dated and less indicative of market value as of the subject's January 1, 2015 assessment date. Similarly, the Board gave less weight to comparable #3 submitted by the board of review due to the fact it sold in July 2016, 19 months after the subject's assessment date. The Board finds the remaining three comparables submitted by the board of review are more similar when compared to the subject in location, land area, design, age, dwelling size and features. They sold from April to November 2015 for prices ranging from \$120,000 to \$183,700 or from \$55.56 to \$87.98 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$113,731 or \$59.24 per square foot of living area including land, which falls

below the range established by the most similar comparable sales contained in the record on an overall basis and within the range on a per square foot basis. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

The taxpayers also argued assessment inequity as an alternative basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants failed to meet this burden of proof.

The record contains seven assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellants due to their distant location, different neighborhood name and different neighborhood number when compared to the subject. The Board finds the comparables submitted by the board of review are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$25,510 to \$29,423 or from \$13.53 to \$14.88 per square foot of living area. The subject property has an improvement assessment of \$28,323 or \$14.75 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
