

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Rojas
DOCKET NO.: 15-03740.001-R-1
PARCEL NO.: 11-19-315-010

The parties of record before the Property Tax Appeal Board are Jose Rojas, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,106
IMPR.: \$33,368
TOTAL: \$72,474

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed use building of brick and frame exterior construction that has 3,208 square feet of building area. The building was constructed in 1910 with subsequent renovations. The subject has one store front unit and two apartment units. The subject has a 5,000 square foot site. The subject property is located in Libertyville Township, Lake County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted three assessment comparables located from .08 to .13 of a mile from the subject. The appellant failed to provide the comparables' story height, exterior construction, age, size, use or features for comparison to the subject. The comparables have improvement assessments ranging from \$18,074 to \$38,928. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$28,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$72,474. The subject property has an improvement assessment of \$33,368 or \$10.40 per square foot of building area.

In support of the subject's assessment, the board of review submitted three assessment comparables located from .11 to 2.72 miles from the subject. The comparables are comprised of two-story residential¹ or mixed use buildings of frame or masonry exterior construction that were built from 1920 to 1960. The comparables contain from one to three rental units. The buildings range in size from 1,960 to 4,037 square feet of building area and have improvement assessments ranging from \$38,287 to \$111,176 or from \$12.73 to \$27.54 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains six assessment comparables for the Board's consideration. The Board gave no weight to the comparables submitted by the appellant. The appellant failed to provide the comparables' story height, exterior construction, age, size, use or features for comparison to the subject. The Board finds the comparables submitted by the board of review had varying degrees of similarity when compared to the subject in location, design, age, building size, use and features. These comparables have improvement assessments ranging from \$38,287 to \$111,176 or from \$12.73 to \$27.54 per square foot of building area. The subject property has an improvement assessment of \$33,368 or \$10.40 per square foot of building area, which falls below the range established by the most similar assessment comparables contained in this record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

¹ According to the MLS sheet submitted, comparable #1 was a former residence marketed as a commercial property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
