

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vicente Gonzalez
DOCKET NO.: 15-03745.001-R-1
PARCEL NO.: 04-32-400-024

The parties of record before the Property Tax Appeal Board are Vicente Gonzalez, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,056
IMPR.: \$19,676
TOTAL: \$31,732

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one and one-half story dwelling of wood siding exterior construction that has 1,260 square feet of living area. The dwelling was constructed in 1936. The home features an unfinished basement, central air conditioning and a 620 square foot garage. The subject has a 43,560 square foot site. The subject property is located in Benton Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation and assessment inequity as the bases of the appeal. In support of these arguments, the appellant submitted six comparables located from .38 to 4.36 miles from the subject. The comparables consist of one and one-half story dwellings of brick, aluminum or wood siding exterior construction that were built from 1950 to 1959. The comparables have unfinished basements, three comparables have central air conditioning, one comparable has a fireplace and each comparable has a garage that contain from 200 to 576 square feet of building area. The

dwellings range in size from 1,254 to 1,428 square feet of living area and are situated on sites that contain from 5,435 to 16,553 square feet of land area. The comparables sold from September 2012 to April 2015 for prices ranging from \$31,736 to \$48,000 or from \$22.22 to \$36.31 per square foot of living area including land. The comparables have improvement assessments ranging from \$15,853 to \$26,267 or from \$11.91 to \$18.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$31,732. The subject's assessment reflects an estimated market value of \$95,636 or \$75.90 per square foot of living area including land area when applying Lake County's 2015 three-year average median level of assessment of 33.18%. The subject has an improvement assessment of \$19,676 or \$15.62 per square of living area.

In support of the subject's assessment, the board of review submitted four comparables located from .40 to .72 of a mile from the subject. The comparables consist of one and one-half story or two-story dwellings of wood siding exterior construction that were built from 1925 to 1979. The comparables have unfinished basements, two comparables have central air conditioning, one comparable has a fireplace and each comparable has a garage that contain from 484 to 816 square feet of building area. The dwellings range in size from 985 to 1,888 square feet of living area and are situated on sites that contain from 16,152 to 24,125 square feet of land area. The comparables sold from April 2013 to July 2015 for prices ranging from \$84,000 to \$184,000 or from \$69.68 to \$97.46 per square foot of living area including land. The comparables have improvement assessments ranging from \$15,141 to \$40,266 or from \$13.78 to \$21.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation as a basis of the appeal. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted 10 comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Comparables #1, #2, #3, #5 and #6 are located from 2.14 to 4.36 miles from the subject. Additionally, comparables #1, #3 and #4 sold in 2012 or 2013, which are dated and less indicative of market value as of the subject's January 1, 2015 assessment date. The Board gave less weight to comparables #1 and #2 submitted by the board of review. Comparable #1 is newer in age and larger in dwelling size when compared to the subject. Comparable #2 is smaller in dwelling size and sold in 2013, which is dated and less indicative of market value as of the subject's January 1, 2015 assessment date. The Board finds the remaining two comparables submitted by the board of review are more similar when compared to the subject in location, design, age, dwelling size and features, but have less land area when compared to the subject. They sold in June 2014 and January 2015 for prices of \$126,900 and \$97,000 or \$83.27 and \$69.68 per square foot of living area including land,

respectively. The subject's assessment reflects an estimated market value of \$95,636 or \$75.90 per square foot of living area including land, which is less than the most similar comparable sales contained in the record on and overall basis and between the comparables on a per square foot basis. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

The taxpayer also argued assessment inequity as an alternative basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains 10 assessment comparables for the Board's consideration. The Board gave less weight to comparables #1, #2, #3, #5 and #6 submitted by the appellant due to their distant location from 2.14 to 4.36 miles from the subject. The Board gave less weight to comparables #1 and #2 submitted by the board of review. Comparable #1 is newer in age and larger in dwelling size and comparable #2 is smaller in dwelling size when compared to the subject. The Board finds the remaining three comparables are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$21,004 to \$26,267 or from \$13.78 to \$18.39 per square foot of living area. The subject property has an improvement assessment of \$19,676 or \$15.62 per square foot of living area, which is less than the most similar assessment comparables contained in the record on an overall basis and below the range on a per square foot basis. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
