

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Michelau
DOCKET NO.: 15-03763.001-R-1
PARCEL NO.: 09-36-202-004

The parties of record before the Property Tax Appeal Board are Sandra Michelau, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,015
IMPR.: \$49,435
TOTAL: \$72,450

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction that has 1,877 square feet of living area. The dwelling was built in 1976. Features include an unfinished basement, central air conditioning, a fireplace and a 506 square foot garage. The subject property is located in Wauconda Township, Lake County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted six assessment comparables located from .04 to .29 of a mile from the subject. The comparables consist of one-story dwellings of brick or wood siding exterior construction that were built from 1968 to 1980. The comparables have unfinished basements, central air conditioning, one or two fireplaces and each comparable has an attached garage that range in size from 477 to 901 square feet of building area. The dwellings range in size from 2,011 to 3,176 square feet of living area and have improvement assessments ranging from \$51,199 to \$80,433 or from \$24.02 to \$26.74

per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$75,293. The subject property has an improvement assessment of \$52,278 or \$27.85 per square foot of living area. In support of the subject's assessment, the board of review submitted four assessment comparables located from .13 to .38 of a mile from the subject. The comparables consist of one-story dwellings of brick or wood siding exterior construction that were built from 1971 to 1979. Three comparables have unfinished basements, one comparable has a partial finished basement, three comparables have central air conditioning, each comparable has a fireplace and each comparable has a garage that range in size from 528 to 754 square feet of building area. The dwellings range in size from 1,748 to 1,954 square feet of living area and have improvement assessments ranging from \$47,731 to \$54,783 or from \$27.31 to \$30.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence contained in this record supports a reduction in the subject's assessment.

The record contains 11 assessment comparables for the Board's consideration. The Board gave less weight to comparables #1 #2 and #3 submitted by the appellant due to their larger dwelling size when compared to the subject. The Board gave less weight to comparable #3 submitted by the board of review due to its superior finished basement when compared to the subject. The Board finds the remaining seven comparables are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$50,878 to \$57,223 or from \$24.73 to \$27.56 per square foot of living area. The subject property has an improvement assessment of \$52,278 or \$27.85 per square foot of living area, which falls above the range established by the most similar assessment comparables contained in the record on a per square foot basis. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is excessive. Therefore, a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
