

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ninfa L. Jimenez
DOCKET NO.: 15-03835.001-R-1
PARCEL NO.: 06-10-306-042

The parties of record before the Property Tax Appeal Board are Ninfa L. Jimenez, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,132
IMPR.: \$32,022
TOTAL: \$39,154

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story duplex of wood siding exterior construction that has 1,576 square feet of living area. The dwelling was constructed in 1995. The home features central air conditioning and a 460 square foot garage. The subject has a 6,534 square foot site. The subject property is located in Lake Villa Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation and assessment inequity as the bases of the appeal. In support of these arguments, the appellant submitted three comparables located from .02 to .18 of a mile from the subject. The comparables consist of two, part one-story and part two-story and a two-story duplex dwellings of wood siding exterior construction that were built in 1994 or 1995. The comparables have central air conditioning and garages that contain 460 square feet of building area. One comparable has a fireplace. The dwellings contain 1,564 or 1,600 square feet of living area and are situated on sites that contain 4,792 or 6,534 square feet of land area. The comparables sold

from May 2012 to August 2013 for prices ranging from \$69,000 to \$77,500 or from \$43.13 to \$48.44 per square foot of living area including land. The comparables have improvement assessments ranging from \$31,826 to \$32,933 or from \$20.19 to \$20.58 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$39,154. The subject's assessment reflects an estimated market value of \$118,005 or \$74.88 per square foot of living area including land area when applying Lake County's 2015 three-year average median level of assessment of 33.18%. The subject property has an improvement assessment of \$32,022 or \$20.32 per square of living area.

In support of the subject's assessment, the board of review submitted four comparables located from .07 to .21 of a mile from the subject. The comparables consist of two-story duplex dwellings of wood siding exterior construction that were built from 1993 to 1995. The comparables have central air conditioning and garages that contain 460 or 496 square feet of building area. The dwellings range in size from 1,560 to 1,704 square feet of living area and are situated on sites that contain 4,792 or 5,227 square feet of land area. The comparables sold from August 2014 to October 2015 for prices ranging from \$136,750 to \$149,900 or from \$84.95 to \$92.99 per square foot of living area including land. The comparables have improvement assessments ranging from \$32,146 to \$34,041 or from \$19.76 to \$21.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation as a basis of the appeal. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted seven comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. These comparables sold in 2012 or 2013, which are dated and less indicative of market value as of the subject's January 1, 2015 assessment date. The Board finds the comparable sales submitted by the board of review are more similar when compared to the subject in location, land area, design, age, dwelling size and features. They sold from August 2014 to October 2015 for prices ranging from \$136,750 to \$149,900 or from \$84.95 to \$92.99 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$118,005 or \$74.88 per square foot of living area including land, which falls below the range established by the most similar comparable sales contained in the record. After considering any adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

The taxpayer also argued assessment inequity as an alternative basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the

assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains seven assessment comparables for the Board's consideration. The Board finds both parties' comparables are generally similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$31,826 to \$34,041 or from \$19.76 to \$21.04 per square foot of living area. The subject property has an improvement assessment of \$32,022 or \$20.32 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
