

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeanine Woyner
DOCKET NO.: 15-04087.001-R-1
PARCEL NO.: 07-29-402-001

The parties of record before the Property Tax Appeal Board are Jeanine Woyner, the appellant, by attorney Jessica Hill-Magiera, in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,870
IMPR.: \$68,391
TOTAL: \$80,261

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story frame dwelling constructed in 1984 containing 2,044 square feet of living area. Features of the home include an unfinished basement, central air conditioning and a 428 square foot garage. The subject is located in Grayslake, Warren Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on ten equity comparables. These comparables are described as two-story dwellings that range in size from 2,366 to 2,520 square feet of living area. They were built between 1984 and 1987. These comparables lack basements and no information was provided regarding central air conditioning, fireplaces, exterior construction or garages. The comparables are located from .04 to .43 of a mile from the subject. They have improvement assessments ranging from \$67,704 to \$72,431 or from \$28.62 to \$29.41 per square

foot of living area. The appellant requested the improvement assessment be reduced to \$58,487 or \$28.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,261. The subject property has an improvement assessment of \$68,391 or \$33.46 per square foot of living area.

In support of its assessment the board of review submitted information on seven equity comparables. These comparables are described as two-story frame dwellings built between 1984 and 1987. Each contains 2,044 square feet of living area and features a full basement, central air conditioning and a garage that contains 428 square feet of building area. Two comparables feature finished basements and four have fireplaces. The comparables are located from .05 to .42 of a mile from the subject. They have improvement assessments ranging from \$69,345 to \$77,413 or from \$33.93 to \$37.87 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 17 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables based on their significantly larger dwelling sizes and lack of basements as compared to the subject. The Board finds the best evidence of assessment equity in the record to be the board of review comparables. These comparables were very similar to the subject in location, dwelling size, exterior construction, age and style. They had improvement assessments that ranged from \$33.93 to \$37.87 per square foot of living area. The subject's improvement assessment of \$33.46 per square foot of living area falls below the range established by the best comparables in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
