

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Carroll  
DOCKET NO.: 15-04336.001-R-2  
PARCEL NO.: 16-06-403-051-0000

The parties of record before the Property Tax Appeal Board are Sean Carroll, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$182,769  
**IMPR.:** \$340,179  
**TOTAL:** \$522,948

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 6,383 square feet of living area. The dwelling was constructed in 1998. Features of the home include a 4,203 square foot unfinished basement, central air conditioning, two fireplaces and a 1,258 square foot garage. The property has a 65,776 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on 12 comparable sales. The comparables were one-story, one and three-quarters story, part one and one-half story or two-story dwellings that had varying degrees of similarity to the subject. The comparables were located from .21 of a mile to 4.94 miles from the subject property and ranged in size from 4,079 to 7,662 square feet of living area. The comparables had sale dates occurring from April 2012 to June 2015 for prices ranging from

\$1,100,000 to \$1,268,250 or from \$143.57 to \$269.67 per square foot of living area, including land.

The appellant also argued that the subject property is overvalued based on the recent sale of the subject in December 2011 for \$1,250,000.<sup>1</sup>

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$522,948. The subject's assessment reflects a market value of \$1,576,094 or \$246.92 per square foot of living area, land included, when using the 2015 three year average median level of assessment for Lake County of 33.18% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales. The comparables were one and one-half story or two-story dwellings that had varying degrees of similarity to the subject. The comparables were located from .20 to .93 of a mile from the subject property and ranged in size from 4,845 to 6,440 square feet of living area. The comparables had sale dates occurring from April 2014 to November 2015 for prices ranging from \$1,315,000 to \$2,550,000 or from \$253.81 to \$398.19 per square foot of living area, including land.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial finding regarding the subject's December 2011 sale, the Board finds the sale is not recent due to its occurrence greater than 36 months prior to the January 1, 2015 assessment date at issue.

The Board finds the best evidence of market value to be the board of review's comparable sales #2, #3 and #4. These comparables were most similar to the subject in location, story height, size, age and features. These most similar comparables sold for prices ranging from \$1,975,000 to \$2,550,000 or from \$308.16 to \$398.19 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,576,094 or \$246.92 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. The Board gave less weight to the appellant's comparables due to their more distant locations from the subject and/or their sale dates occurring less proximate in time to the January 1, 2015 assessment date at issue. In addition, eight of the comparables are significantly different in size when compared to the subject and four are of a dissimilar story height than the subject. Likewise, the Board gave less weight to the board of review's remaining comparables due to

their significantly different sizes or their dissimilar story heights when compared to the subject. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
