

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve & Colette Greenwood
DOCKET NO.: 15-04544.001-R-1
PARCEL NO.: 10-13-304-006

The parties of record before the Property Tax Appeal Board are Steve & Colette Greenwood, the appellants; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,018
IMPR.: \$83,301
TOTAL: \$103,319

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,688 square feet of living area. The dwelling was constructed in 1994. Features of the home include a 782-square foot basement that has 196 square feet of finished area, central air conditioning, a fireplace and a 462-square foot attached garage. The property has a 13,120-square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellants contend improvement assessment inequity as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables that were located from .21 to .43 of a mile from the subject property. The comparables were two-story dwellings that were built from 1990 to 1993. The comparables had varying degrees of similarity to the subject. The comparables had improvement assessments ranging from \$78,515 to \$81,968 or from \$29.17 to \$30.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,319. The subject property has an improvement assessment of \$83,301 or \$30.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that were located from .02 to .09 of a mile from the subject property. The comparables were two-story dwellings that were built in 1994 or 1998. The comparables had varying degrees of similarity to the subject. The comparables had improvement assessments ranging from \$79,281 to \$91,524 or from \$31.26 to \$34.20 per square foot of living area.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables for the Board's consideration. The Board finds the best evidence of improvement assessment equity to be the appellants' comparables, as well as the board of review's comparables #1, #2 and #3. These comparables were most similar to the subject in location, style, size, age and features. The comparables had improvement assessments that ranged from \$78,515 to \$84,610 or from \$29.17 to \$31.62 per square foot of living area. The subject's improvement assessment of \$83,301 or \$30.99 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the board of review's comparable #4 due to its significantly larger amount of finished basement area, when compared to the subject's finished basement area. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
