

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Krupa  
DOCKET NO.: 15-04852.001-R-1  
PARCEL NO.: 06-22-108-017

The parties of record before the Property Tax Appeal Board are Nancy Krupa, the appellant, by Michael Griffin, Attorney at Law in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,214  
**IMPR.:** \$83,196  
**TOTAL:** \$97,410

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 3,246 square feet of living area. The dwelling was constructed in 1997. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 483 square foot garage. The property has an 8,529 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables located from 554 feet to 1,977 feet from the subject property. The comparables were improved with two-story dwellings with vinyl siding exterior construction that ranged in size from 2,845 to 3,258 square feet of living area. The dwellings are 19 or 20 years old. Features had varying degrees of similarity when compared to the subject. The comparables

had improvement assessments that ranged from \$62,778 to \$79,416 or from \$22.07 to \$24.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,410. The subject property has an improvement assessment of \$83,196 or \$25.63 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from .06 to .42 of a mile from the subject property. The comparables were improved with two-story dwellings of vinyl siding exterior construction that contain 3,121 or 3,246 square feet of living area. The dwellings were constructed in 1997 or 1998. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$81,146 to \$83,536 or from \$25.45 to \$26.00 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2 and #4 due to their smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with the board of review comparables. These comparables are more similar in location, style, age dwelling size and features when compared to the subject property. These comparables had improvement assessments that ranged from \$79,416 to \$83,536 or from \$24.38 to \$26.00 per square foot of living area. The subject's improvement assessment of \$83,196 or \$25.63 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
